Garner's Dictionary of Legal Usage Bryan A. Garner, 2011 This new edition of Garner's Dictionary of Legal Usage discusses and analyzes modern legal vocabulary and style more thoroughly than any other contemporary reference work. Since the first edition Bryan A. Garner has drawn on his unrivaled experience as a legal editor to refine his position on legal usage. The new Third Edition remains indispensable. Garner has updated entries throughout, added hundreds of new entries and thousands of new illustrative quotations from judicial opinions and leading lawbooks, revised the selected bibliography and expanded and updated cross references to guide readers quickly and easily. A new preface introduces the reader to this edition and discusses content that has been newly incorporated. Influential writers and editors rely on Garner's Dictionary of Legal Usage daily. It is an essential resource for practicing lawyers, legal scholars and libraries of all sizes and types, functioning as both a style guide and a law dictionary, guiding writers to distinguish between true terms of law and mere jargon and illustrating recommended forms of expression. Common blunders are discussed in ways that will discourage writers from any further use. The origins of frequently used expressions are described with engaging prose. Collectively, there is no better resource for approaching legal writing in a logical, clear and error-free way. English Language-Mediated Settings and Educational Inequalities Prashneel Ravisan Goundar, 2025-03-17 In this book Goundar explores how educational inequalities are responsible for the way students perform in English language mediated school settings. He seeks to establish an explicit connection between language testing and educational inequalities at the higher education level. With its focus on higher education, this research is a fresh reminder of the need to continuously revisit and unsettle inequalities that are embedded in education systems. In the South Pacific context, this study reveals the current issues, including medium of

instruction challenges lack of teaching and learning resources teacher shortages and language barriers Goundar s research seeks new answers to the problem of academic English language skills faced by undergraduate students Since English is a second language for the majority of students in Fiji and as the quality of education varies between urban and rural schools this cumulatively impacts students acquisition of English skills and consequently their university performance The important questions posed and addressed in this book are as follows What are the language implications of colonisation on education in the South Pacific What resources and learning opportunities are provided in schools to promote equal access to education content for students from non English speaking backgrounds How do students from different schooling backgrounds in Fiji cope with an English language mediated university learning environment Do educational inequalities manifest in the performance of students from all schooling backgrounds or are they confined to specific sociocultural zones Drawing on a unique dataset from a context in the Global South this book provides new insights for a more holistic approach to examining academic language proficiency and the use of language testing English Language mediated Settings and Educational Inequalities Language Education Policy Agendas in the South Pacific is suitable for postgraduate students in language policy and planning multilingual language policies for schools medium of instruction studies and language testing and South Pacific studies
