Voices Bright Flags:

Voices Bright Flags Geoffrey Brock, 2014 Poetry VOICES BRIGHT FLAGS is a series of experiments in what is sometimes called public poetry with the poet's country America and his relation to it as the main theme. The poems approach America from a range of perspectives: political, historical, and personal, and in a range of styles and voices, with each voice planting its own flag as it were, implying its own America. Together, the poems form a partial, in both senses, mosaic: a discordant chorus, a succession of conversations and quarrels between the poet and the motley citizens of his imagination. The collection VOICES BRIGHT FLAGS could have been created only by a lover of texts, an avid consumer of histories, biographies, diaries, essays, articles, ledgers, novels, and ephemera. It is a book of and for the old-fashioned reader, the one who will appreciate the precise prosodic dados and dove tailings of the poet's craft. From Heather McHugh's foreword, Geoffrey Brock's VOICES BRIGHT FLAGS is ambitious in the best sense of the term. The breadth of his subjects, from the first Western contact with the Hawaiian Islands to ornithology, the buffalo nickel, and his young son's nightmares, makes the unity of vision behind the book all the more striking. There is insight here without self-consciousness, bold craft without showiness. VOICES BRIGHT FLAGS is a rich, important, and deeply humane collection. Don Bogen. Geoffrey Brock's VOICES BRIGHT FLAGS is rooted in political emotions, not political opinions. It combines exquisite technical sophistication with plainspoken language attuned to the particulars of time and place, a combination put in service to a rich and troubled vision of America as both stubborn dream and dream-killing reality. If you're looking for poetry that is immersed in literary and social history while avoiding all the usual pieties and commonplaces about American culture in favor of keenly evoked and deeply felt experience, personal and collective, this book is for you. Alan Shapiro. While distinguishing himself as one of the pre-eminent translators of Italian poetry in this country, Brock showed himself with his first book, *Weighing Light*, also to be one of the most gifted of the younger formalists. His gift is on full display in the new book. Many of the poems in VOICES BRIGHT FLAGS take figures and events from American history as their subjects. It is a curious thing about old-fashioned poetic form that not only is it best for humorous verse, but it accommodates historical subjects well and both reveals their symmetries and hints at their chaotic origins. This may be true of any poetry about a historical subject, from the *Iliad* to *The Shield of Achilles*. In the book's first poem, *Bryant Park at Dusk*, Brock suggests that the act of reading will be his subject. He describes watching a woman reading on a park bench as the evening comes on. He sees how she looks away from her reading, then returns, still in a kind of reverie. It is perhaps this reverie of attention that his series of historical poems asks of us: a return to subjects we think we know already. The subjects of the poems range from Phillis Wheatley in England to the battle of Cold Harbor to the Westward Expansion to Anzio in World War II to the ivory-billed woodpecker and the passenger pigeon. Brock is such a good writer that you never wonder if he can sustain the poem. Mark Jarman. After Geoffrey Brock, 2024-04-09. Among the finest poets of his generation, Richard Wilbur, two-time winner of the Pulitzer Prize for Poetry. Like Frost before him, Brock has the power to

make earthbound words take flight Boris Dralyuk author of *My Hollywood and Other Poems* The title of Geoffrey Brock's third poetry collection *After* works in two ways Many of the poems were written after and in response to the death of Brock's father who was also a poet And many are in some way after as in in the manner of other poems or works of art Such texts often called versions or imitations have long been seen as in Samuel Johnson's words a kind of middle composition between translation and original design Brock has been writing and translating poems for forty years and for most of his career those two activities proceeded along parallel but distinct tracks In recent years however he has been increasingly drawn to that middle space where the tracks converge For Brock it's a conversational space in which he listens to the call of earlier works and offers responses from his own life by turns bleak and beautiful poignant and funny sorrowful and accepting Poets owe debts to other poets as surely as each of us does to those who raised us and *After* is a partial account of such personal and poetic inheritances

Instructions for Seeing a Ghost Steve Bellin-Oka, 2020-04-15 This poetry collection is the record of an American's return home after a decade abroad an exile imposed solely because he loved another man In a virtuoso display of lyric and formal inventiveness Bellin-Oka's poems meditate on the myriad losses engendered by diaspora of home family and sexual identity and spiritual certainty Steve Bellin-Oka's poems hold in balance an intensified language and a passionate voice that bring together the struggles of the inner life with stark realities This is a book of arresting authenticity Peter Balakian Pulitzer Prize winner and judge

Home Christian Wiman, 2021-01-01 Evocative poems and prose fragments about home selected by one of the most celebrated poets of our time This is a book of longing yes and also spiritual discernment political awareness historical memory and deep intimacy Carolyn Forché In this poignant collection Christian Wiman draws together one hundred evocative poems and prose fragments about home exploring home's deep theological literary philosophical historical political and social dimensions Wiman calls home a house a country a language a love a longing a grief a god It's a word that disperses into more definitions than one book can contain The tensions between diffusion and concentration roaming and rootedness precarity and security are everywhere in this book often in the same poem Ranging from early modernism to the current moment and from southern Africa to the Arctic Circle the selections are as diverse as the poets included Collectively they envision an imaginative home for even the most homeless of modern readers Completed entirely during quarantine amid the miseries of separation and isolation the collection offers a powerful vision of home as both a place and a way
