Knowledge and Power in the Global Economy David Gabbard, 2017-07-05 Advancing a three fold political agenda this volume illuminates how the meanings assigned to a whole vocabulary of words and phrases frequently used to discuss the role and reform of U S public schools reflect an essentially economic view of the world contends that education or educational reform conducted under an economized worldview will only intensify the effects of the colonial relations of political and economic domination that it breeds at home and abroad and offers a set of alternative concepts and meanings for reformulating the role of U S public schools and for considering the implications of such a reformulation more generally for the underlying premises of all human relationships and activities Toward these ends the authors in Part I critically examine many of the most commonly used terms within the rhetoric of educational reform since the early 1980s and before Part II links today's economized worldview to curricular and instructional issues These essays are especially important for comprehending how the organization of school curriculum privileges those disciplines deemed most central to market expansion math and science and how the political centrality of the economic sphere influences the nature of the knowledge

presented in specific content areas Given that language constrains as well as advances human thought the twin tasks of de economizing education and decolonizing society will require a vocabulary that transcends the familiar terminologies addressed in Parts I and II The entries in Part III cultivate the beginnings of such a vocabulary as the authors elucidate innovative concepts which they view as central to the creation of truly alternative educational visions and practices

The 3 Habits of Highly Successful Reading Teachers Megan Milani. What distinguishes successful reading classrooms from those where struggling readers are left behind? The 3 Habits of Successful Reading Teachers starts with the premise that every student, even those who struggle the most, can learn to read. It guides teachers in providing daily practice with high-frequency words, letter sounds, and word-solving strategies and includes formative assessment tools.

Teaching Reading Across the Day, Grades K-8 Jennifer Serravallo, 2024-04-21. Reading well across disciplines and within varied contexts will help students to be versatile, flexible, deep readers who can better learn from their reading, transfer skills across subjects, and use strategies to meet the unique demands of reading in each content area. Jennifer Serravallo, research-based, easy-to-use lesson structures for explicit and engaging teaching. In *Teaching Reading Across the Day*, literacy expert Jennifer Serravallo provides nine effective, predictable, research-based lesson structures that help busy teachers save planning time and focus their teaching and student attention on content rather than procedures. Each of the nine lesson structures includes read-aloud, phonics, and spelling; vocabulary; focus; shared reading; close reading; guided inquiry; reader's theater; and conversation. Each has its own chapter and features a wealth of resources that let you see the lessons in action in ELA, Science, and Social Studies classes, including an annotated teaching vignette, lesson explanation, and research notes. Tips for planning, structure, and timing suggestions and ideas for responsive teaching. Detailed planning templates and 22 accompanying online videos covering over 3 hours of classroom footage. Jennifer's reflections, key look-fors, and ideas for next steps. The nine lesson structures can be used with any curriculum or core program, text, and subject, making it easier for teachers to maximize explicit and engaging teaching time across the day and simplify planning and preparation. Jennifer incorporates a wide range of compelling research about how best to teach reading to every student in your class and translates the research or the science of teaching reading into high-leverage moves you can count on to deliver powerful lessons again and again. She also honors the art of teaching reading, helping teachers tap into their experience and hone their expertise to make quick, effective classroom decisions that take student learning to the next level.
