Smart, Sustainable Manufacturing in an Ever-Changing World Konrad von Leipzig, Natasha Sacks, Michelle McClelland, 2023-03-03 This book presents recent developments research results and industrial experience to increase the knowledge base of academics and industry In a small world where trade is the new global driving force conquering countries and continents alike international competitiveness is becoming the ultimate challenge It requires high quality products manufactured with state of the art technologies at low cost under the assumption of highly efficient operations management as well as clear corporate goals and strategy This in turn is based on improved engineering training and education relevant applied research and an active interaction between academia and industry

Oceanic Strategy Vidhan Pathak, Raghvendra Kumar, 2024-12-03 This book introduces the concept of oceanic strategy expanding beyond traditional maritime and naval perspectives to include political economic socio cultural and ecological dimensions It highlights the Indian Ocean Region as a critical arena for global power competition where the abundance of resources strategic significance and emerging interests have made it a new frontier for opportunity growth and conflict By incorporating aspects like oceanic security resource exploration the blue economy and hydrography the book presents a broader view of strategic thought and the role of oceanic spaces in national and global geopolitics Focusing on key players such as India China the US and other traditional and emerging powers the book analyses the reorientation of national interests and the intensifying struggle for dominance in the Indian Ocean It argues that control over this region is crucial for attaining influence in 21st century geopolitics The work also addresses non traditional security threats like piracy and transnational crime situating the Indian Ocean at the heart of modern geopolitical discourse This book is an essential resource for students and scholars of international relations strategic studies and political science offering critical insights into the evolving power dynamics shaping the future of the Indian Ocean Region

Jane's Navy International, 2006

South Africa's Post-Apartheid Military Lindy Heineken, 2020-01-01 This timely book examines how the South African National Defence Force has adapted to the country's new security political and social environment since 1994 In South Africa's changed political state how has civilian control of the military been implemented and what does this mean for defence in a democracy This book presents an overview of the security environment how the mission focus of the military has changed and the implications for force procurement force preparation force employment and force sustainability The author addresses other issues such as the effect of integrating former revolutionary soldiers into a professional armed force the effect of affirmative action on meritocracy recruitment and retention military veterans looking at the difficulties they face in reintegrating back into society and finding gainful employment gender equality and mainstreaming the rise of military unions and why a confrontational instead of a more corporatist approach to labour relations has emerged HIV AIDS and the consequences this holds for the military in terms of

its operational effectiveness In closing the author highlights key events that have caused the SANDF to become lost in transition and transformation spelling out some lessons learned The conclusions she draws are pertinent for the future of defence security and civil military relations of countries around the world *After Freedom* Katherine S. Newman, Ariane De Lannoy, 2015-03-24 Twenty years after the end of apartheid a new generation is building a multiracial democracy in South Africa but remains mired in economic inequality and political conflict The death of Nelson Mandela in 2013 arrived just short of the twentieth anniversary of South Africa's first free election reminding the world of the promise he represented as the nation's first Black president Despite significant progress since the early days of this new democracy frustration is growing as inequalities that once divided the races now grow within them as well In *After Freedom* award winning sociologist Katherine S Newman and South African expert Ariane De Lannoy bring alive the voices of the freedom generation who came of age after the end of apartheid Through the stories of seven ordinary individuals who will inherit the richest and yet most unequal country in Africa Newman and De Lannoy explore how young South Africans whether Black White mixed race or immigrant confront the lingering consequences of racial oppression These intimate portraits illuminate the erosion of old loyalties the eruption of class divides and the heated debate over policies designed to redress the evils of apartheid Even so the freedom generation remains committed to a united South Africa and is struggling to find its way toward that vision

India's Maritime Strategy Shishir Upadhyaya, 2019-09-05 The first book by a former Indian naval intelligence officer on Sino India relations *India's Maritime Strategy* provides a unique insight into the Indian Navy tracing its post independence growth and discussing its transformation and future in the 21st century In the context of the rise of China's maritime power in the Indian Ocean this book provides a nuanced view of the extent and scope of India's maritime reach and the effect of this on Sino Indian competition Challenging the view that by developing a favourable environment alone India could seek to maintain its balance of power with China it is argued that despite durable bilateral security ties with most regional states India's maritime aspirations to be the primary net security provider for the region are unsustainable in the long term This book presents a comprehensive coverage of India's bilateral maritime security engagements with all the Indian Ocean regional states as well as the US France UK and Russia As such it will be useful to students and scholars of Indian and South Asian politics international relations and maritime security *A Postcard History of the Passenger Liner* Christopher Deakes, 2023-10-01 From around 1880 for almost a hundred years shipowners commissioned a wealth of paintings that depicted their magnificent liners as well as the routes they travelled their exotic destinations and life onboard These

paintings rich in imagination and atmosphere appeared on postcards and posters of the day and were used to advertise the companies and their ships and so was born a whole genre that produced tens of thousands of paintings which formed a wonderful record of the great era of the passenger liner In 1900 there were over thirty shipping companies operating passenger liners across the North Atlantic Other oceans were similarly served But now with just a few exceptions the companies and their liners have disappeared along with the art they once inspired Little remains to recall this aspect of our maritime past except the postcards and they tell an evocative story of the vanished world of elegant ships and leisurely travel of social and political times much changed by the history of the past century Here brought vividly to life in more than 500 colourful postcards are the ships on which so many of our predecessors sailed as emigrants soldiers administrators or simply as tourists in days long past These cards which are now highly collectable show how steamships developed over the years but they are also a fine tribute to the artists who painted them This volume also includes a glossary of some 170 illustrators which forms an important reference section and advice on collecting

Political Handbook of the World 2018-2019 Tom Lansford, 2019-03-19 The Political Handbook of the World provides timely thorough and accurate political information with more in depth coverage of current political controversies than any other reference guide The updated 2018 2019 edition will continue to be the most authoritative source for finding complete facts and analysis on each country s governmental and political makeup Compiling in one place more than 200 entries on countries and territories throughout the world this volume is renowned for its extensive coverage of all major and minor political parties and groups in each political system It also provides names of key ambassadors and international memberships of each country plus detailed profiles of more than 30 intergovernmental organizations and UN agencies This comprehensive update will include coverage of current events issues crises and controversies from the course of the last two years including Elections across Europe Referendum in Ireland Rohingya genocide in Myanmar The Venezuelan dictatorship The renaming of Swaziland to eSwatini Qatar diplomacy changes Historic meeting between the United States and North Korea Establishment of a new governing coalition in Liberia

The Report: Abu Dhabi 2020 Oliver Cornock, Abu Dhabi is home to the world s sixth largest proven oil reserves and is working to achieve self sufficiency in natural gas It has been successfully pursuing diversification particularly in terms of manufacturing banking and ICT While the global Covid 19 pandemic and decline in international oil prices poses challenges for the emirate the fundamentals underpinning its economy remain strong

Niger Delta: The Business of the Oil Curse Marc-Antoine Pérouse de Montclos, 2024-05-13 Based on 30 years of fieldwork in the Niger Delta this book debunks the determinism of the resource curse theory in Nigeria Africa s leading oil producer and the most populous country on the continent It rather shows that oil and gas production is only one element of a social problem with much deeper roots It also investigates the role played by the youth a key issue in a society where half of the population is under 18 years old To understand the multiple causes of the crisis it thus delves into the complexity of a rich history

To Govern the Globe

Alfred W. McCoy, 2021-11-16 In a tempestuous narrative that sweeps across five continents and seven centuries this book explains how a succession of catastrophes from the devastating Black Death of 1350 through the coming climate crisis of 2050 has produced a relentless succession of rising empires and fading world orders During the long centuries of Iberian and British imperial rule the quest for new forms of energy led to the development of the colonial sugar plantation as a uniquely profitable kind of commerce In a time when issues of race and social justice have arisen with pressing urgency the book explains how the plantation's extraordinary profitability relied on a production system that literally worked the slaves to death creating an insatiable appetite for new captives that made the African slave trade a central feature of modern capitalism for over four centuries After surveying past centuries roiled by imperial wars national revolutions and the struggle for human rights the closing chapters use those hard won insights to peer through the present and into the future By rendering often opaque environmental science in lucid prose the book explains how climate change and changing world orders will shape the life opportunities for younger generations born at the start of this century during the coming decades that will serve as the signposts of their lives 2030 2050 2070 and beyond

The Old War Horse Myron J. Smith, Jr., 2024-02-13 With a unique prewar history as a snagboat and James B Eads noted catamaran salvage vessel the Benton survived a tumultuous government acquisition process and conversion to become flagship of the Union's Civil War Western river navy From Island No 10 through the Vicksburg and Red River campaigns the revolutionary ironclad participated in both combat and administrative activities earning a prominent place in nautical legend and literature This first book length profile of the warship reveals little known details of both her prewar and wartime career and reviews her final disposal

The Military Balance 2022 The International Institute for Strategic Studies (IISS), 2022-02-14 Published each year since 1959 The Military Balance is an indispensable reference to the capabilities of armed forces across the globe It is used by academia the media armed forces the private sector and government It is an open source assessment of the military forces and equipment inventories of 171 countries with accompanying defence economics and procurement data Alongside detailed country data The Military Balance assesses important defence issues by region as well as key global trends such as in defence technology and equipment modernisation This analysis is accompanied by full colour graphics including maps and illustrations With extensive explanatory notes and reference information The Military Balance is as straightforward to use as it is extensive The 2022 edition is accompanied by a full colour wall chart illustrating security dynamics in the Arctic

Behind Barbed Wire Deborah G. Lindsay, 2020 Most people associate concentration camps with Nazi Germany Behind Barbed Wire examines how these notorious World War II camps actually reflected a previous use of the system a system that began almost a century earlier In truth Adolf Hitler had studied the American Indian Reservations as he plotted his regime's attack on European Jews and other minorities Remarkably in the years between the reservations and the Nazi camps the United States along with several other Western powers implemented concentration camps throughout the globe each

instance employing more and more barbaric measures with harsher and harsher outcomes Behind Barbed Wire explains how these nations dubiously justified camp operations by citing military counterinsurgency tactics containment policies and simply the ability to prosecute war more easily This brief history addresses the subliminal reasons for relocating hundreds of thousands of civilians why the system became so prevalent and how concentration camps existed under the cover of armed conflict It argues that most often camps can be facilitated only under the guise of war Anyone with an interest in military history World War II concentration camps and the plight of the Jews will discover how all these topics converge into a compelling story of war bigotry and military might Behind Barbed Wire also sheds light on the concentration camp systems that have been employed since the fall of the Nazi dictatorship With current geopolitical issues focusing on elitism xenophobia deplorables terrorism and military necessity this book offers some understanding about the unintended consequences of policy

Defenders of Japan Garren Mulloy, 2021-12-01 Japan's navy is three times the size of France's and Britain's combined yet most people think it a defenceless nation This book unravels that paradox
