*Holt People, Places, and Change* Robert J. Sager,2003      **The Spanish and the Portuguese Present Perfect in Discourse** Lukas Müller,2023-02-08 This monograph presents a theoretical and empirical study of the Spanish and the Portuguese Present Perfect PP The innovative claim is that the two tense forms operate in the field of tension between temporal quantification and temporal reference Based on this approach it presents the first in depth study that explicitly takes into account the level of discourse The following questions are investigated How do the Spanish and the Portuguese PP interact with discursive factors such as adjacent tense forms What kind of discursive meaning do they generate Which diachronic trends do their discourse functions reveal It is argued that while the Spanish PP tends to a referential drift traditionally labelled as an aoristic drift the Portuguese PP tends to preserve and specialize its quantificational meaning The book is of interest to all those working on the Present Perfect or generally in the field of tense and aspect in discourse      *A Study of Mental Testing in Relation to Anthropology* Beatrice Blackwood,1927      **More than a Glitch** Meredith Broussard,2023-03-14 When technology reinforces inequality it s not just a glitch it s a signal that we need to redesign our systems to create a more equitable world The word glitch implies an incidental error as easy to patch up as it is to identify But what if racism sexism and ableism aren t just bugs in mostly functional machinery what if they re coded into the system itself In the vein of heavy hitters such as Safiya Umoja Noble Cathy O Neil and Ruha Benjamin Meredith Broussard demonstrates in *More Than a Glitch* how neutrality in tech is a myth and why algorithms need to be held accountable

Broussard a data scientist and one of the few Black female researchers in artificial intelligence masterfully synthesizes concepts from computer science and sociology She explores a range of examples from facial recognition technology trained only to recognize lighter skin tones to mortgage approval algorithms that encourage discriminatory lending to the dangerous feedback loops that arise when medical diagnostic algorithms are trained on insufficiently diverse data Even when such technologies are designed with good intentions Broussard shows fallible humans develop programs that can result in devastating consequences Broussard argues that the solution isn't to make omnipresent tech more inclusive but to root out the algorithms that target certain demographics as other to begin with With sweeping implications for fields ranging from jurisprudence to medicine the ground breaking insights of *More Than a Glitch* are essential reading for anyone invested in building a more equitable future

**Comparative Law for Spanish-English Speaking Lawyers** S.I. Strong, Katia Fach Gómez, Laura Carballo Piñeiro, 2016-11-25 *Comparative Law for Spanish English Speaking Lawyers* provides practitioners and students of law in a variety of English and Spanish speaking countries with the information and skills needed to successfully undertake competent comparative legal research and communicate with local counsel and clients in a second language Written with the purpose of helping lawyers develop the practical skills essential for success in today's increasingly international legal market this book aims to arm its readers with the tools needed to translate unfamiliar legal terms and contextualize the legal concepts and practices used in foreign legal systems *Comparative Law for Spanish English Speaking Lawyers* Derecho comparado para abogados anglo e hispanoparlantes escrita en inglés y español persigue potenciar las habilidades lingüísticas y los conocimientos de derecho comparado de sus lectores Con este propósito términos y conceptos jurídicos esenciales son explicados al hilo del análisis riguroso y transversal de selectas jurisdicciones hispano y angloparlantes El libro pretende con ello que abogados estudiantes de derecho y traductores puedan trabajar en una segunda lengua con solvencia y consciencia de las diferencias jurídicas y culturales que afectan a las relaciones con abogados y clientes extranjeros La obra se complementa con ejercicios individuales y en grupo que permiten a los lectores reflexionar sobre estas divergencias
