A Lapsed Anarchist's Approach to The Power of Beliefs in Business Ari Weinzwieg, 2016-07-14 Ari's new book is the culmination of a lifetime of learning and thirty four years in business the last three of which have been spent intensively studying reflecting on and writing about the critical role of beliefs in the businesses and organizations of which we're a part The fruits of that labor are now available in this new 600 page book We could tell you more about what's in the book but we

think John U Bacon author of the New York Times bestseller Endzone The Rise Fall and Return of Michigan Football said it better than we ever could Some business leaders know practice Some know theory Ari Weinzweig is one of the few who knows both He has built a famously successful organization while giving it more thought than do the business gurus who merely philosophize about such things The insights Ari shares here are both deeply perceptive and highly practical from the ideas of Howard Zinn Viktor Frankl and Anais Nin on one page to the importance of learning your employees names on the next Like its author this book is uncommonly smart helpful and just plain fun **Recipes for Reading** Anne Bower,1997
