**The Handbook of Global Security Policy** Mary Kaldor, Iavor Rangelov, 2014-03-20 This Handbook brings together 30 state of the art essays covering the essential aspects of global security research and practice for the 21st century Embraces a broad definition of security that extends beyond the threat of foreign military attack to cover new risks for violence Offers comprehensive coverage framed around key security concepts risks policy tools and global security actors Discusses pressing contemporary issues including terrorism disarmament genocide sustainability international peacekeeping state building natural disasters energy and food security climate change and cyber warfare Includes insightful and accessible contributions from around the world aimed at a broad base of scholars students practitioners and policymakers

Security and Democracy in Southern Africa Gavin Cawthra, André Du Pisani, Abillah H. Omari, 2007 A study of the ambiguity of democratization and how it can generate violence Southern Africa has embarked on one of the world s most ambitious security co operation initiatives seeking to roll out the principles of the United Nations at regional levels This book examines the triangular relationship between democratization the character of democracy and its deficits and national security practices and perceptions of eleven southern African states Based on national studies conducted by African academics and security practitioners over three years it includes an examination of the way security is conceived and managed as well as a comparative analysis of regional security co operation in the developing world The study concludes that democratization is ambiguous and uncertain and can in some cases generate violent conflict Building a common security regime in southern Africa will require moving beyond regime solidarity In particular progress will mean building multinational institutions entrenching democratic practices drawing on civil society and integrating the southern African project with that of the African Union The authors conclude with a set of policy recommendations that aim to strengthen both states and civil society within the framework of an emerging common security system

**The Geopolitics of Regional Power** Sören Scholvin, 2016-03-09 In the last two decades various states from the Global South have emerged as important players in international relations Most popular among them is China Brazil India and South Africa have also taken essential roles in

global and regional politics Compared to traditional great powers they can be labelled regional great powers or regional powers because their influence is with the exception of China concentrated on their neighbourhood The impact of regions meaning the impact of geography on the economics and politics of regional powers is surprisingly understudied This book analyses how geographical conditions influence the regional economics and politics of South Africa allowing the author to delineate its region of influence

**Food Security Policy, Evaluation and Impact Assessment** Sheryl L.

Hendriks,2019-12-06 This book offers an essential comprehensive yet accessible reference of contemporary food security discourse and guides readers through the steps required for food security analysis Food insecurity is a major obstacle to development and achievement of the Sustainable Development Goals It is a complex issue that cuts across traditional sectors in government and disciplines in academia Understanding how multiple elements cause and influence food security is essential for policymakers practitioners and scholars This book demonstrates how evaluation can integrate the four elements of food security availability access nutrition and resilience and offers practical tools for policy and programme impact assessment to support evidence based planning Aimed at researchers postgraduates and those undertaking professional development in food studies agricultural economics rural development nutrition and public health the book is key reading for those seeking to understand evidence based food security analysis
