Every Breath You Take Orit Kamir, 2001 Examines male and female stalkers in history literature and film and their relationship to contemporary legislation The Study of the Ancient Near East in the Twenty-first Century Jerrold S. Cooper, Glenn M. Schwartz, 1996 Sixteen essays from the Albright conference held at the Johns Hopkins University charting the course of ancient Near Eastern studies in the twenty first century This landmark volume is essential reading for both students and scholars **Indeh** Eve Ball, 2013-06-14 A fascinating account of Apache history and ethnography All the narratives have been carefully chosen to illustrate important facets of the Apache experience Moreover they make very interesting reading This is a major contribution to both Apache history and to the history of the Southwest The book should appeal to a very wide audience It also should be well received by the Native American community Indeh is oral history at its best R David Edmunds Utah Historical Quarterly **A Scary Little Christmas** Matthew C. DuPée, 2022-06-07 Controversial yet beloved among audiences Christmas themed horror movies emerged in the early 1970s and gained a notorious reputation with *Silent Night Deadly Night* 1984 depicting Santa as an ax wielding maniac Some parents and conservative groups condemned the film while others embraced the portrayal of Yuletide as a backdrop for fear and dread Drawing on interviews with directors producers special effects artists photographers and actors this book celebrates the sordid colorful history of the Christmas horror subgenre Psycho Santa films such as *Christmas Evil* 1980 and *3615 Code Pere Noel* 1989 are examined along with Yule Die slashers like *The Dorm that Dripped Blood* 1982 *Black Christmas* 1974 and *Silent Night Bloody Night* 1972 Commercial successes like *Gremlins* 1984 and *Rare Exports A Christmas Tale* 2010 are covered as well as more recent releases such as *Better Watch Out* 2016 *Red Christmas* 2016 and *Deathcember* 2019 Rare photographs promotional materials and an annotated filmography are provided **The Original Torah** S. David Sperling, 2003-02 Is the Torah true Do the five books of Moses provide an accurate historical account of the people of ancient Israel s origins In *The Original Torah* S David Sperling argues that while there is no archeological evidence to support much of the activity chronicled in the Torah a historical reality exists there if we know how to seek it By noting the use of foreign words or mentions of technological innovations scholars can often pinpoint the date and place in which a text was written Sperling examines the stories of the Torah against their historical and geographic backgrounds and arrives at a new conclusion the tales of the Torah were originally composed as allegories whose purpose was distinctly and intentionally political The book illustrates how the authors of the Pentateuch advanced their political and religious agenda by attributing deeds of historical figures like Jeroboam and David to ancient allegorical characters like Abraham and Jacob If Abraham had made peace with Philistines for example then David could rely on a precedent to do likewise *The Original Torah* provides a new interpretive key to the foundational document of both Judaism and Christianity *David Park: A Retrospective* Janet Bishop, 2019-05-28 This generously illustrated volume is the first comprehensive publication devoted to the powerfully expressive work of David Park
