Texts From Bennett:

Texts from Bennett Mac Lethal, 2013-09-03 A family story for the twenty first century based on the phenomenally popular Texts from Bennett Tumblr blog this epistolary novel chronicles the year that Bennett and the rest of his freeloading family moved into his cousin Mac's household Hardworking Kansas rapper Mac has a problem and its name is Bennett His wannabe gangster cousin is seventeen uses drugs and foul language treats women worse than Charlie Sheen and has just moved in For the sake of aiding his addled aunt and trying to put Bennett on the straight and narrow Mac dutifully takes them into his house when they lose their own Through their interactions and legendary text message exchanges one thing becomes absolutely clear Bennett views the world differently than most Partly because he's looking through smoke filled glasses In a year of ups and downs Mac and Bennett need to stick together and make this new family unit work From stealing cats to legendary fights with the uncontrollable Mercedes to his 11 commandmints of gittin bitchiez Bennett's going to make that more than a little difficult But if Mac pays enough attention maybe just maybe he'll learn something along the way himself Regardless of whether they survive their time together one thing's for sure though Bennett is no ordinary teenager and certainly not one you'll soon forget

At Home with Pornography Jane Juffer, 1998-07-01 Twenty five years after the start of the feminist sex wars pornography remains a flashpoint issue with feminists locked in a familiar argument Are women victims or agents In *At Home with Pornography* Jane Juffer exposes the fruitlessness of this debate and suggests that it has prevented us from realizing women's changing relationship to erotica and porn Over the course of these same twenty five years there has been a proliferation of sexually explicit materials geared toward women made available in increasingly mainstream venues In asking what is the relationship of women to pornography Juffer maintains that we need to stop obsessing over pornography's transgressive aspects and start focusing on the place of porn and erotica in women's everyday lives Where she asks do women routinely find it for how much and how is it circulated and consumed within the home How is this circulation and consumption shaped by the different marketing categories that attempt to distinguish erotica from porn such as women's literary erotica and sexual self help videos for couples *At Home with Pornography* responds to these questions by viewing women's erotica within the context of governmental regulation that attempts to counterpose a dangerous pornography with the sanctity of the home Juffer explores how women's consumption of erotica and porn for their own pleasure can be empowering while still acting to reinforce conservative ideals She shows how for instance the Victoria's Secret catalog is able to function as a kind of pornography whose circulation is facilitated both by its reliance on Victorian themes of secrecy and privacy and on its appeals to the selfish pleasures of modern career women In her pursuit to understand what women like and how they get it Juffer delves into adult cable channels erotic literary anthologies sex therapy guides cyberporn masturbation and sex toys showing the varying degrees to which these materials have been domesticated for home consumption Representing the next generation of scholarship on pornography *At Home with*

Pornography will transform our understanding of women's everyday sexuality

SELECT POEMS John M. Bennett, 2016
 Poetry Visual Poetry A selection from over 40 years of Bennett's work introduced by Ivan Argüelles Where to begin writing about this baffling and certainly most avant garde of all poets living and working in the USA today Bennett's reputation is international and his interest in Mesoamerican culture has drawn him frequently to that part of the world where he is a recognized figure His experimentations over the years have encompassed multiple techniques including visual poetry and his own polyglottery moving in and out of English Spanish Portuguese French or some Mesoamerican language What may seem aleatory is in fact more intentional and grounded than is first apparent Bennett has roots in traditional literatures those of Siglo de Oro Spain and of Elizabethan England but he is capable of transducing those literatures metamorphosing them by way of the avant garde movements of the 20th century into something utterly innovative and New such as few contemporary artists have done

Watching with The Simpsons Jonathan Gray, 2012-10-12 Using our favourite Springfield family as a case study Watching with The Simpsons examines the textual and social role of parody in offering critical commentary on other television programs and genres Jonathan Gray brings together textual theory discussions of television and the public sphere and ideas of parody and comedy Including primary audience research it focuses on how The Simpsons has been able to talk back to three of television's key genres the sitcom adverts and the news and on how it holds the potential to short circuit these genre's meanings power and effects by provoking reinterpretations and offering more media literate recontextualizations Examining television and media studies theory the text of The Simpsons and the show's audience Gray attempts to fully situate the show's parody and humour within the lived realities of its audiences In doing so he further explores the possibilities for popular entertainment television to discuss issues of political and social importance A must read for any student of media studies

Theories of Consumption John Storey, 2017-01-06 Theories of Consumption explores the concept of consumption from the post disciplinary perspective of cultural studies John Storey brings together work that up until now has been located in distinct disciplinary spaces including work on reception theory in literary studies and philosophy work on consumer culture in sociology anthropology and history and work on media audiences both ethnographic and theoretical in media studies and sociology Moving beyond the usual analysis of consumer culture Storey presents a critical assessment of a range of theoretical approaches to the study of consumption In doing so he provides an authoritative overview of a significant selection of research and analysis that has explored consumption as an object of study This book provides an ideal introduction to consumption for students of media and cultural studies and will also be useful for students within a number of other disciplines such as sociology history anthropology cultural geography and both literary and visual studies

The Nirvana Express Mick Brown, 2023-10-30 In 1897 an Indian yogi named Bava Lachman Dass exhibited himself at the Westminster Aquarium in London demonstrating forty eight yoga positions to a bemused audience Four years earlier Hindu philosopher Swami Vivekananda had spoken at the first World Parliament of Religions in Chicago where

theosophist Annie Besant rhapsodized about his inborn sense of worth and the exquisite beauty of his spiritual message The Victorians had conflicted views on the religious beliefs and practices of the Indian subcontinent blending fascination and suspicion But within two generations legions of young Westerners would be following the hippie trail to India and the Beatles would be meditating at the feet of the guru Maharishi Mahesh Yogi Journalist Mick Brown s vivid account charts the eccentric history of the West s evolving love affair with Indian religion through a curious cast of scholars seekers charlatans and saints From Edwin Arnold whose epic poem about the life of the Buddha became a best seller in Victorian Britain to the occultist and magician Aleister Crowley and from spiritual teachers Jiddu Krishnamurti Meher Baba and Ramana Maharshi to the controversial guru Rajneesh The Nirvana Express is an exhilarating sometimes troubling journey through the West s search for enlightenment

Bodies and Disciplines Barbara A. Hanawalt, David Wallace, 1996-01-01 **Reading in**

History Bonnie Gunzenhauser, 2015-10-06 A collection of essays that offer a methodological framework for the history of reading Focusing on a specific historical moment it gathers statistics about such issues as literacy rates library subscriptions publication and sales figures and print runs to answer questions about what was being read and by whom in a particular place and time *The Mystical Science of the Soul* Jessica A. Boon, 2012-12-07 The Mystical Science of the Soul explores the unexamined influence of medieval discourses of science and spirituality on recogimiento the unique Spanish genre of recollection mysticism that served as the driving force behind the principal developments in Golden Age mysticism Building on recent research in medieval optics physiology and memory in relation to the devotional practices of the late Middle Ages Jessica A Boon probes the implications of an embodied soul for the intellectual history of Spanish mysticism Boon proposes a fundamental rereading of the key recogimiento text Subida del Monte Si n 1535 1538 which melds the traditionally distinct spiritual techniques of moral self examination Passion meditation and negative theology into one cognitively adept path towards mystical union She is also the first English language scholar to treat the author of this influential work the Renaissance physician Bernardino de Laredo a pivotal figure in the transition from medieval to early modern spirituality on the Iberian peninsula and a source for Teresa of Avila s mystical language *Charles Bukowski, Outsider Literature, and the Beat Movement* Paul Clements, 2013-04-26 This book uses cultural and psycho social analysis to examine the beat writer Charles Bukowski and his literature focusing on representations of the anti hero rebel and outsider Clements considers the complexities ambiguities and contradictions represented by the author and his work exploring Bukowski s visceral writing of the cultural ordinary and everyday self narrative The study considers Bukowski s apolitical gendered and working class stance to understand how the writer represents reality and is represented with regards to counter cultural literature In addition Clements provides a broader socio cultural focus that evaluates counterculture in relation to the American beat movement and mythology highlighting the male cool anti hero The cultural practices and discourses utilized to situate Bukowski include the individual and society outsiderdom cult celebrity fan embodiment and disneyfication providing a

greater understanding of the beat generation and counterculture literature Timbre Isabella Van Elferen, 2020-11-12

Timbre is among the most important and the most elusive aspects of music Visceral and immediate in its sonic properties yet also considered sublime and ineffable timbre finds itself caught up in metaphors tone color wet acoustics or in Schoenberg's words the illusory stuff of our dreams This multi disciplinary approach to timbre assesses the acoustic corporeal performative and aesthetic dimensions of tone color in Western music practice and philosophy It develops a new theorization of timbre and its crucial role in the epistemology of musical materialism through a vital materialist aesthetics in which conventional binaries and dualisms are superseded by a vibrant continuum As the aesthetic and epistemological questions foregrounded by timbre are not restricted to isolated periods in music history or individual genres but have pervaded Western musical aesthetics since early Modernity the book discusses musical examples taken from both classical and popular music These range in classical music from the Middle Ages through the Baroque the belcanto opera and electronic music to saturated music and in popular music from indie through soul and ballad to dark industrial **Dostoevsky and English Modernism 1900-1930** Peter Kaye, 1999-05-06 When Constance Garnett's translations 1910-20 made Dostoevsky's novels accessible in England for the first time they introduced a disruptive and liberating literary force and English novelists had to confront a new model and rival The writers who are the focus of this study Lawrence Woolf Bennett Conrad Forster Galsworthy and James either admired or feared Dostoevsky as a monster who might dissolve all literary and cultural distinctions Though their responses differed greatly these writers were unanimous in their inability to recognize Dostoevsky as a literary artist They viewed him instead as a psychologist a mystic a prophet and in the cases of Lawrence and Conrad a hated rival who compelled creative response This study constructs a map of English modernist novelists' misreadings of Dostoevsky and in so doing it illuminates their aesthetic and cultural values and the nature of the modern English novel *Host Bibliographic Record for Boundwith Item Barcode 30112077164363 and Others*, 1912 **Manual of the Public Schools of Anderson, Ind**, 1901 *Education and Celtic Myth* Pádraic Frehan, 2012-01-01 The book examines one aspect of the national self image of Ireland as it was trans generationally transmitted in the Irish National School environment through the medium of the Celtic mythology tales Celtic mythology embodied a unique Irishness without being contentious in the wider social and political spheres and the texts had the capability to impart a national self image a character and ideological model for the young generation to follow and exemplify while concurrently act as a sanctuary in which a unique neutral Irish self past and contemporary self image could be connected to From 1922 onwards a state run National School curriculum was set up to propagate a national ideal through the teaching of the Irish language Irish history and a rekindled awareness of Ireland's unique past The mythology tales were employed to portray this unique past and their inclusion in the textbooks provided a platform for the policies of the inculcation of national pride self respect and self image in the Irish nation official government and Department policy following the Second National Programme Conference and Report in 1926 The aim of this book is an

imagological one focusing on what made these tales ideological The study incorporates a triangular approach contextual
 intertextual and textual It is at the point of intersection between 4 specialisms the historical study of Irish nationalism the
 history of culture and education in 20th century Ireland imagology and corpus linguistics The conclusions drawn are based
 upon factual statistical information garnered from the analyses conducted on the corpus and utilise information that is
 concrete and not hypothetical This volume is of interest for all those working in Irish school literature Irish studies especially
 cultural intellectual and educational history of Ireland imagology and European studies **Culver-Stockton College**
Academic Catalog Culver-Stockton College,1917 *Media Culture & Morality* Keith Tester,2013-07-23 First published in
 1994 The media report terrible events But the academic study of the media is increasingly trivial and lacking in moral
 seriousness *Media Culture and Morality* examines how this paradoxical situation could have emerged The author seizes upon
 the disparity between the enormous production of books in the field and the lack of substantive insights generated He argues
 that such a mass of self conscious criticism should have provided a moral critique of contemporary culture not the quagmire
 of theoretical verbiage and threadbare politicizing we are faced with today The book is a disturbing speculation on the fate of
 moral and cultural values in a media dominated world **A History of Mechanical Inventions** Abbott Payson
 Usher,1954-01-01 This revised and updated classic explores the importance of technological innovation in the cultural and
 economic history of the West Topics include technology of textile manufacture from primitive times water wheels and wind
 mills clocks and watches and invention of printing Without peer in its field American Scientist *Middlebrow Literary*
Cultures E. Brown,M. Grover,2011-11-30 The literary middle ground once dismissed by academia as insignificant is the site
 of powerful anxieties about cultural authority that continue to this day In short the middlebrow matters These essays
 examine the prejudices and aspirations at work in the battle of the brows and show that cultural value is always relative and
 situational **Interpretive Archaeology** Julian Thomas,2001-01-01 New forms of archaeology are emerging which position
 the discipline firmly within the social and cultural sciences These approaches have been described as post processual or
 interpretive archaeology and draw on a range of traditions of enquiry in the humanities from Marxism and critical theory to
 hermeneutics feminism queer theory phenomenology and post colonial thinking This volume gathers together a series of the
 canonical statements which have defined an interpretive archaeology Many of these have been unavailable for some while
 and others are drawn from inaccessible publications In addition a number of key articles are included which are drawn from
 other disciplines but which have been influential and widely cited within archaeology The collection is put into context by an
 editorial introduction and thematic notes for each section
