Get the information you need to set up and start using Fire TV. Understand the basics of how to use the device. Explore an array of useful features and streaming opportunities. Learn techniques to become a streaming pro. Conquer the world of Fire TV with one easy-to-understand book. Soon you'll be discovering the latest popcorn-worthy shows.

The Authoritarian Divide Orçun Selçuk, 2024-07-15 In the context of the global decline of democracy, *The Authoritarian Divide* analyzes the tactics that populist leaders in Turkey, Venezuela, and Ecuador have used to polarize their countries. Political polarization is traditionally viewed as the result of competing left-right ideologies. In *The Authoritarian Divide*, Orçun Selçuk argues that regardless of ideology, polarization is driven by dominant populist leaders who deliberately divide constituents by cultivating a dichotomy of inclusion and exclusion. This practice, known as affective leader polarization, stifles compromise and undermines the democratic process. Drawing on multiple qualitative and quantitative methodologies for support, as well as content from propaganda media such as public speeches, Muhtar Meetings, *Al Presidente*, and *Enlace Ciudadano*, Selçuk details and analyzes the tactics used by three well-known populist leaders to fuel affective leader polarization: Recep Tayyip Erdoğan in Turkey, Hugo Chávez in Venezuela, and Rafael Correa in Ecuador. Selçuk's work provides a rubric for a better understanding of and potential defense against the rise in polarizing populism across the globe.

Amazons in America Keira V. Williams, 2019-03-06 With this remarkable study, historian Keira V. Williams shows how fictional matriarchies produced for specific audiences in successive eras and across multiple media constitute prescriptive, solution-oriented thought experiments directed at contemporary social issues. In the process, *Amazons in America* uncovers a rich tradition of matriarchal popular culture in the United States. Beginning with late nineteenth-century anthropological studies which theorized a universal prehistoric matriarchy, Williams explores how representations of women-centered societies reveal changing ideas of gender and power over the course of the twentieth century and into the present day. She examines a deep archive of cultural artifacts, both familiar and obscure, including L. Frank Baum's *The Wizard of Oz* series, Progressive-era fiction like Charlotte Perkins Gilman's utopian novel *Herland*, the original 1940s *Wonder Woman* comics, midcentury films featuring nuclear families, and feminist science-fiction novels from the 1970s that invented prehistoric and futuristic matriarchal societies. While such texts have at times served as sites of feminist theory, Williams unpacks their cyclical nature and, in doing so, pinpoints some of the premises that have historically hindered gender equality in the United States. Williams also delves into popular works from the twenty-first

century such as Tyler Perry's *Madea* franchise and DC Comics Warner Bros globally successful film *Wonder Woman* which attest to the ongoing presence of matriarchal ideas and their capacity for combating patriarchy and white nationalism with visions of rebellion and liberation. *Amazons in America* provides an indispensable critique of how anxieties and fantasies about women in power are culturally expressed ultimately informing a broader discussion about how to nurture a stable equitable society.

Queer Jewish Strangers in American Popular Culture Amy Tziporah Karp, 2023-12-19 *Queer Jewish Strangers in American Popular Culture* Life Between Assimilation and Otherness explores LGBTQIA Jewish American identity in the United States and the queer Jewish stranger figures who live in between incorporation and estrangement. Amy Tziporah Karp establishes that despite the near ubiquitous portrayal of Jewish American assimilation as a finished project completed in the wake of World War II in academic disciplines and throughout popular culture many LGBTQIA Jewish figures in contemporary popular culture inhabit stranger positionalities. In these stranger spaces characters are forced to either perpetually attempt to assimilate or inhabit this interstitial stranger identity that is often viewed as a nowhere or homeless space. Those who pursue assimilating endlessly try to fit in to no avail such as Jenny Schecter from Showtime's popular *The L Word* who is ultimately killed off on the show possibly murdered by her LGBTQIA community of friends. Karp shows that those who attempt to make a home in a stranger positionality align themselves with other estranged and othered peoples such as characters throughout Sarah Schulman's novels and that this constitutes an ethical stance against the ways in which assimilation often inadvertently supports the workings of violent hegemonies in the United States.

thersites 17 Amanda Potter, Hunter Gardner, Margaret Toscano, Frances Foster, Helen Lovatt, Anise K. Strong, Janice Siegel, Connie Skibinski, Javier Martínez Jiménez, Lisa Maurice, 2023-11-10 *thersites* is an international open access journal for innovative transdisciplinary classical studies edited by Annemarie Ambühl, Filippo Carl Uhlir, Christian Rollinger and Christine Walde. *thersites* expands classical reception studies by publishing original scholarship free of charge and by reflecting on Greco-Roman antiquity as present phenomenon and diachronic culture that is part of today's transcultural and highly diverse world. Antiquity in our understanding does not merely belong to the past but is always experienced and engaged in the present. *thersites* contributes to the critical review on methods, theories, approaches and subjects in classical scholarship which currently seems to be awkwardly divided between traditional perspectives and cultural turns. *thersites* brings together scholars, writers, essayists, artists and all kinds of agents in the culture industry to get a better understanding of how antiquity constitutes a part of today's culture and transforms our present. *thersites* appears twice yearly and publishes regular issues as well as specially themed and guest edited issues focused on individual subjects and questions. Call for papers are released regularly and long in advance on our homepage <https://thersites-journal.de> and on other pages that feature announcements for classical studies. APA Mommsen Gesellschaft etc.

Music in Star Trek Jessica Getman, Brooke McCorkle Okazaki, Evan Ware, 2022-12-30 The tensions between utopian dreams and dystopian anxieties permeate science fiction as a genre and nowhere is this

tension more evident than in Star Trek This book breaks new ground by exploring music and sound within the Star Trek franchise across decades and media offering the first sustained look at the role of music in shaping this influential series The chapters in this edited collection consider how the aural visual and narrative components of Star Trek combine as it constructs and deconstructs the utopian and dystopian shedding new light on the series political cultural and aesthetic impact Considering how the music of Star Trek defines and interprets religion ideology artificial intelligence and more while also considering fan interactions with the show s audio this book will be of interest to students and scholars of music media studies science fiction and popular culture

The Alexander Romance in Persia and the East Richard Stoneman, Kyle Erickson, Ian Richard Netton, 2012 Alexander the Great of Macedon was no stranger to controversy in his own time Conqueror of the Greek states of Egypt and of the Persian Empire as well as many of the principalities of the Indus Valley he nevertheless became revered as well as vilified Was he simply a destroyer of the ancient civilizations and religions of these regions or was he a hero of the Persian dynasties and of Islam The conflicting views that were taken of him in the Middle East in his own time and the centuries that followed are still reflected in the tensions that exist between east and west today The story of Alexander became the subject of legend in the medieval west but was perhaps even more pervasive in the east The Alexander Romance was translated into Syriac in the sixth century and may have become current in Persia as early as the third century AD From these beginnings it reached into the Persian national epic the Shahnameh into Jewish traditions and into the Quran and subsequent Arab romance The papers in this volume all have the aim of deepening our understanding of this complex development If we can understand better why Alexander is such an important figure in both east and west we shall be a little closer to understanding what unites two often antipathetic worlds This volume collects the papers delivered at the conference of the same title held at the University of Exeter from July 26-29 2010 More than half the papers were by invited speakers and were designed to provide a systematic view of the subject the remainder were selected for their ability to carry research forward in an integrated way

Blessings Beyond the Binary Nora Rubel, Brett Krutzsch, 2024 Blessings Beyond the Binary Transparent and the Queer Jewish Family brings together leading scholars to analyze and offer commentary on the groundbreaking streaming series Transparent The book explores the show s depiction of Jewish life religion and history as well as Transparent s scandals criticisms and how it fits and diverges from today s transgender and queer politics

RuPedagogies of Realness Lindsay Bryde, Tommy Mayberry, 2022-02-14 Pencils down graphite and eyebrow and eyes to front of the room for this one of a kind lesson Since debuting over a decade ago the world of RuPaul s Drag Race has steadily collected both popular and academic interests This collection of original essays presents insightful analyses and a range of critical perspectives on Drag Race from across the globe Topics covered include language and linguistics cultural appropriation racism health wealth the realities of reality television digital drag and naked bodies Though varied in topical focus each essay centers public pedagogy to examine what and how Drag Race teaches its audience The

goal of this book is to frame Drag Race as a classroom one that is helpful for both teachers and students alike With an academic yet accessible tone and an interdisciplinary approach essays celebrate and examine the show and its spin offs from the earliest seasons to the very start of the coronavirus pandemic in 2020 *Edmund Spenser* Colin Burrow,1996 In this approachable and informative book Colin Burrow clarifies the genres and conventions of work in Spenser s poetry

Amazons in the Digital Era Arturo Sánchez Sanz,2025-09-04 For more than 3 000 years the Amazons have been a recognised symbol that transcends mythology and has influenced history itself The image of the powerful warrior woman who defied the established patriarchal order proved so compelling that it became permanently enshrined in the collective imagination first through oral tradition and later through texts and images The contributions in this volume explore how this image has endured through the lens of classical reception From Wonder Woman to the war in Ukraine and across diverse genres such as video games fashion warfare and documentary film the Amazonian archetype has evolved beyond anything once imagined Today however we are witnessing a true transformation No longer embodying the negative traits the Greeks once ascribed to them the Amazons have become a symbol of strength resilience and empowerment a model for women s rights in a global society and an icon of feminism and the LGBTQIA community Divided into three parts this book analyses how the image of the Amazon has at different times and in different contexts been marginalised put on a pedestal and globalised For the first time media case studies and lived histories are examined to compare and contrast modern frameworks with each other and with the original Amazonian iconography What emerges is a concept of the Amazon as a modern paradigm that speaks as strongly to contemporary society as it did to the ancients but with a very different meaning

The Digital Dystopias of Black Mirror and Electric Dreams Steven Keslowitz,2020-01-07 This critical examination of two dystopian television series Black Mirror and Electric Dreams focuses on pop culture depictions of technology and its impact on human existence Representations of a wide range of modern and futuristic technologies are explored from early portrayals of artificial intelligence Rossum s Universal Robots 1921 to digital consciousness transference as envisioned in Black Mirror s San Junipero These representations reflect societal anxieties about unfettered technological development and how a world infused with invasive artificial intelligence might redefine life and death power and control The impact of social media platforms is considered in the contexts of modern day communication and political manipulation **Bodies for Profit and Power** Lisa Wenger Bro,2023-10-05 Early dystopian science fiction like George Orwell s 1984 or Thea von Harbou s Metropolis show us bleak worlds where capitalism has no boundaries and has corrupted sovereign powers exploiting the lower classes and benefiting only a few at the top Political laws and policies related to human life or the biopolitical devalue that life making humanity little more than expendable machines producing for capitalism and capitalism s focus on progress has made it a central concern in much of science fiction Covering science fiction from the early 1900s to present this book examines the portrayal of dystopian capitalism and the biopolitical in works like Brave New World and R U R among many

others Media Marathoning Lisa Glebatis Perks,2014-12-11 Media Marathoning Immersions in Morality is a scholarly study of the intense relationship between reader and story world analyzing the way audiences become absorbed in a fictive text and dedicate many hours to exploring its narrative contours Rather than view these media experiences as mindless indulgences media marathoning connotes a conjoined triumph of commitment and stamina Compared to more traditional slower paced media engagement patterns media marathoning affords readers greater depth of story world engagement maximizing the emotional and cognitive rewards of the media experience Through immersive marathoning experiences audiences can seriously engage with mediated questions about human nature and society refining our orientation toward morality through internal dialogue about the story and communication with other readers as we process the meaningful journey As digital technologies facilitate easier user centered access to media texts narratives increase in complexity and more readers seek immersive story world experiences marathoning looks to be the new normal of media engagement Drawing from qualitative studies of book film and television marathoners along with textual analysis of commonly marathoned stories Media Marathoning presents a holistic look at marathoning s cultural impact **Survivor** Joseph J. Darowski,Kate Darowski,2025-05-20 Celebrate the 25th anniversary of Survivor with a look back at one of history s most popular and long running reality shows Premiering in 2000 Survivor altered the landscape of network television from its first season popularizing reality shows for audiences in the 21st century and quickly growing to a semi annual release slate that has resulted in more than 46 seasons and hundreds of contestants Over twenty years later the series remains popular and a ratings hit maintaining a devoted fanbase even as the television landscape has evolved and shifted to streaming In Survivor A Cultural History Joseph J Darowski and Kate Darowski analyze how the iconic CBS show revolutionized television and has adapted and changed across decades of production They explore the creation of the series and its surprising emergence as a ratings juggernaut the evolution of gameplay for both the producers and the players the series existence as a self proclaimed social experiment and much more While the basic premise of the series has remained the same survivors are marooned in the wild with few supplies and must vote someone out at a weekly tribal council with the goal of being the sole survivor to win 1 million there are notable differences from where the game began to where it is now From stylistic changes in the presentation of the show to new twists in the game rules the transformations from season 1 to the present reflect real life keeping the show fresh amid a stream of new reality competition shows Survivor A Cultural History details these cultural shifts while highlighting Survivor s place as one of the most impactful television shows of this century Featuring an overview of the key players and a ranking of the must watch seasons this is an essential guide for fans both new and old *Bibles in Popular Cultures* Rebekah Welton,Zanne Domoney-Lyttle,2024-11-14 Supporting the theory that there is no singular Bible and the idea that biblical literacy is demonstrated in a multitude of ways beyond confessional interpretations of biblical texts the contributors of this volume explore how multiple Bibles coexist simultaneously in popular cultures By interrogating

popular television music and film biblical retellings are identified which variously perpetuate challenge or subvert biblical narratives and motifs The topics discussed are gathered around three themes depictions of sex and gender troubling representations and subversions of biblical authority This volume offers new studies on retellings of biblical texts which seek to interrogate perpetuate and challenge dominant cultural ideas of who can interpret biblical texts what forms this might take and the influence of biblical interpretations in our societies

The Routledge Companion to the Reception of Ancient Greek and Roman Gender and Sexuality K. Moore, 2022-08-22 This Companion covers a range of receptions of ancient Greek and Roman gender and sexuality It explores ancient representations of these concepts as we define them today as well as recent perspectives that have been projected back onto antiquity Beginning in antiquity the chapters examine how the ancient Greeks and Romans regarded concepts of what we would today call gender and sexuality based on the evidence available to us and chart the varied interpretations and receptions of these concepts across time to the present day In exploring how different cultures have received the classical past the volume investigates these cultures different interpretations of Greek and Roman sexualities and what these interpretations can reveal about their own attitudes Through the contributions in this book the reader gains a deeper understanding of this essential part of human existence derived from influential sources From ancient to modern and postmodern perspectives from cinematic productions to TikTok videos receptions of ancient gender and sexuality abound This volume is of interest to students and scholars of ancient history gender and sexuality in the ancient world and ancient societies as well as those working on popular culture and gender studies more broadly
