I found myself holding my breath as the curtain was pulled back. This unvarnished debut is not to be missed.

Courtney Cole, New York Times Bestselling Author **Book Review 2**: This story reveals the resilience of a young girl who refuses to give up hope when her mother is diagnosed with an often debilitating disease. Through dramatic truths, humor, and beautifully poetic asides, it took me on a ride through a no-holds-barred narrative demonstrating the sometimes difficult steps we must face to reach true self-awareness.

Felecia S. Russell, 2024-04-15 This book centers a qualitative study exploring the experiences of 15 Black undocumented students and the author's own experiences as a Black DACA (Deferred Action for Childhood Arrivals) recipient, highlighting the invisibility

and lack of belonging Black undocumented students face in the undocumented community and the United States at large Access and success within higher education for undocumented students cannot be achieved unless those implementing policies understand the full context of the community Through both an interpretative phenomenological approach and biographical memoir this volume makes meaning of the experiences of undocuBlack students a group who do not often see themselves being represented in the immigrant narrative It argues that without visibility undocuBlack students are rarely the beneficiaries of advocacy and become targets of overcriminalization The stories told here examine the intersection of race and identity in determining positioning within society with the goal of contributing awareness and promoting more inclusive practices among higher education communities This text offers an important new perspective for faculty and administrators policymakers upper level undergraduate and graduate students as well as general readers with an interest in Black and immigrant narratives and the undocumented experience as an academic subject
