13th International Conference on Intellectual Capital Knowledge Management & Organisational Learning , Measuring and Implementing Altmetrics in Library and Information Science Research

Baskaran, C.,2020-01-17 Researchers are becoming increasingly concerned with tracking the impact and reach that their research has on the academic community Through the implementation of altmetrics they can now better measure the value that their research has through the analysis of citing behavior and citation based research evaluation Measuring and Implementing Altmetrics in Library and Information Science Research is a critical research book that focuses on how altmetrics can help researchers to uncover evidence of societal engagement influence and broader impacts that demonstrate the value of their research It builds a more complete picture of the visibility and profile of individual researchers and observes real time social media updates that provide insight into how faculty s research is being shared from the moment it is published Featuring a range of topics such as citations big data and social media this book is essential for researchers educators librarians professionals academicians administrators and students Decolonising Journalism Education in South Africa Ylva Rodny-Gumede,Colin Chasi,Zubeida Jaffer,Mvuso Ponono,2023-05-19 This book is the culmination of several years of collaborative work It is a unique contribution to the field of journalism because of the depth and variety of contributions it makes to the field The scholars who contribute to this volume respond to the great need to rethink journalism from various perspectives including journalism training research the contents of the news media language media ethics the safety of journalists and gender inequities in the news media In doing this they recognise how the societies that journalism address should themselves change *Educational Leadership in Becoming* Nuraan Davids,Yusef Waghid,2016-08-25 Educational Leadership in Becoming reconsiders educational leadership in its current forms and presents a more plausible form of educational leadership to contend with the complexities currently found in universities and schools Much of the literature in vogue concerning educational leadership ranges from transactional to transformative representations of the concept in relation to educational management and policy curriculum inquiry and pedagogical action The primary aim of this book is to revisit some of the dominant understandings of educational leadership and to offer an extended view of the practice along the lines of potentiality and becoming Davids and Waghid argue that all current forms of educational leadership are insufficient to enact responsible human action particularly when it comes to addressing the combined issues of globalisation and equitable redress and transformation whether in relation to leading schools or universities The primary objective of the book is to draw on the Agambian notion of becoming in order to show that an educational leadership in becoming is better placed to not only address the myriad challenges besetting education but to also enhance the potential of leadership in action The book addresses an international audience by analysing conceptions of transformative leadership and should be read by anyone who is interested in education and educational leadership as well as the impact of neoliberal agendas on education and society It should also appeal to those interested in the philosophy of education *Campus Student Activism, Politics, and Citizenship in the 21st Century* Tshishonga, Ndwakhulu,2025-04-03 Student activism and citizenship remain an integral part of the governance of academic institutions democratizing the learning environment and advancing democratic values

and societal change As a result student activism has become a key aspect of the global higher education landscape Individually and through the student councils students have been at the forefront fighting for social justice and equality inside their academic institutions and in larger society by fusing activism with citizenship Through student activism and citizenship students demonstrate their power to keep governments responsible and in redirecting the voices of students in higher education s decision making processes Further exploration may afford students the opportunity to influence social change by partaking in educational policy reforms and broadening global sociopolitical and economic growth Campus Student Activism Politics and Citizenship in the 21st Century examines the dynamics of campus politics through student activism and citizenship perspectives academia public private and civil society sectors It explores how student leadership engages university society stakeholders including management and governance structures and student welfare and institutional policy reformation in defense of the rights and interests of students This book covers topics such as higher education political engagement and social justice and is a useful resource for policymakers government officials sociologists political scientists academicians and researchers
