The Lost Cause Cory Doctorow, 2023-11-14 It's thirty years from now We're making progress mitigating climate change slowly but surely But what about all the angry old people who can't let go For young Americans a generation from now climate change isn't controversial It's just an overwhelming fact of life And so are the great efforts to contain and mitigate it Entire cities are being moved inland from the rising seas Vast clean energy projects are springing up everywhere Disaster relief the mitigation of floods and superstorms has become a skill for which tens of millions of people are trained every year The effort is global It employs everyone who wants to work Even when national politics oscillates back to right wing leaders the momentum is too great these vast programs cannot be stopped in their tracks But there are still those Americans mostly elderly who cling to their red baseball caps their grievances their huge vehicles their anger To their alternative news sources that reassure them that their resentment is right and pure and that climate change is just a giant scam And they're your grandfather your uncle your great aunt And they're not going anywhere And they're armed to the teeth The Lost Cause asks What do we do about people who cling to the belief that their own children are the enemy When in fact they're often the elders that we love At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied

Spectatorship Roxanne Samer, William Whittington, 2017-10-25 Media platforms continually evolve but the issues surrounding media representations of gender and sexuality have persisted across decades Spectator The University of Southern California Journal of Film and Television Criticism has published groundbreaking articles on

gender and sexuality including some that have become canonical in film studies since the journal's founding in 1982. This anthology collects seventeen key articles that will enable readers to revisit foundational concerns about gender in media and discover models of analysis that can be applied to the changing media world today. *Spectatorship* begins with articles that consider issues of spectatorship in film and television content and audience reception, noting how media studies has expanded as a field and demonstrating how theories of gender and sexuality have adapted to new media platforms. Subsequent articles show how new theories emerged from that initial scholarship, helping to develop the fields of fandom, transmedia, and queer theory. The most recent work in this volume is particularly timely as the distinctions between media producers and media spectators grow more fluid and as the transformation of media structures and platforms prompts new understandings of gender, sexuality, and identification. Connecting contemporary approaches to media with critical conversations of the past, *Spectatorship* thus offers important points of historical and critical departure for discussion in both the classroom and the field.

Deadly and Slick Sita Balani, 2023-05-16 If race is increasingly understood to be socially constructed, why does it continue to seem like a physiological reality? The trickery of race, Sita Balani argues, comes down to how it is embedded in everyday life through the domain we take to be most intimate and essential: sexuality. Modernity inaugurates a new political subject made legible as an individual through the nuclear family, sexual adventure, and the pursuit of romantic love. By examining the regulation of sexual life at Britain's borders in colonial India and through the functioning of the welfare state, marriage laws, education, and counterterrorism, Balani reveals that sexuality has become fatally intertwined with the making of race.

New International Dictionary, 1920 *New York Magazine*, 1997-04-28 *New York Magazine* was born in 1968 after a run as an insert of the *New York Herald Tribune* and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea.

Pure Innocent Fun Ira Madison, III, 2025-02-04 In this nostalgic and raucous collection of sixteen original essays, Ira Madison III, critic, television writer, and host of the beloved *Keep It* podcast, combines memoir and criticism to offer a brand new pop culture manifesto. This is the most fun I've had reading all year. Like Chuck Klosterman before him, Ira Madison III takes seriously and analyzes the pop culture detritus that took up hours of our lives. Lin Manuel Miranda. You can recall the first TV show, movie, book, or song that made you feel understood, that shaped how you live, what you love, and whom you would become. It gave you an entire worldview. For Ira Madison, that book was Chuck Klosterman's *Sex, Drugs, and Cocoa Puffs*, which cemented the idea that pop culture could be a rigorous subject and that, for better or worse, it shapes all of us. In *Pure Innocent Fun*, Madison explores the key cultural moments that inspired his career as a critic and guided his coming of age as a Black gay man in Milwaukee. In this hilarious, full-throttle trip through the 90s and 2000s, he recounts learning about sex from *Buffy the*

Vampire Slayer facing the most heartbreaking election of his youth not George W Bush's win but Jennifer Hudson losing American Idol and how never getting his driver's license in high school made him just like Cher Horowitz in Clueless a virgin who can't drive Brimming with a profound love for a bygone culture and alternating between irreverence and heartfelt insight Pure Innocent Fun like all the best products of pop culture will leave you entertained and surprisingly enlightened

Suppressed Robert M. Smith, 2021-05-14 Suppressed is the book the media would prefer you not read The book may change the way you read a newspaper listen to the radio watch TV or consume digital media Please look at the Follow the Author Page for videos by Robert M Smith Incisive behind the scenes details about the Times and other media outlets Publishers Weekly A forthright indictment of the media's shortcomings Kirkus Reviews Half of all Americans do not trust the media and many Americans believe the media are to blame for the country's division The U S ranks dead last of all countries in media trust But no one in the media is talking about this This well reviewed book tells you why and shows you the inside of the media machine It includes a look behind the scenes at some of the biggest stories in the history of journalism The author a former New York Times White House and investigative correspondent was there and is ruthlessly honest about what he saw In fact the author unearthed Watergate before Woodward and Bernstein but saw the story ignored by the New York Times Washington Bureau when he gave it to them Margaret Sullivan media critic for the Washington Post called the book a very engaging read Smith is an attorney and barrister who has written a law book for lawyers This is a different kind of book but it is written with the same careful attention to the evidence Coming to the present Suppressed shows how some media including the New York Times stepped into the ring and began slugging it out with President Trump instead of staying outside the ring and neutrally reporting what it saw The book argues that the media would have been more effective if it had remained neutral and credible On the other hand Times stock dropped 17 percent in the first two quarters of 2021 after President Trump left During the same time the S P 500 index rose 18 percent The book offers entertaining tidbits some hard to believe but also shows you how to be a knowledgeable consumer of something that you spend time on every day and depend on Written with candor and humor Suppressed traces a young investigative reporter's arc from na vet to cynicism from covering the White House to leaving journalism for Yale Law School and ultimately becoming a barrister in London and teaching at Oxford
