How The Right Lost Its Mind Charles J. Sykes, 2017-10-19 Once at the centre of the American conservative movement bestselling author and radio host Charles Sykes is a fierce opponent of Donald Trump and the right wing media that enabled his rise Sykes presents an impassioned regretful and deeply thoughtful account of how the American conservative movement came to lose its values How did a movement that was defined by its belief in limited government individual liberty free markets traditional values and civility find itself embracing bigotry political intransigence demagoguery and outright falsehood How the Right Lost its Mind addresses key issues that face American conservatives under a Trump presidency It asks why so many voters are apparently credulous and immune to factual information reported by responsible media And why did conservatives decide to overlook even embrace so many of Trump s outrages gaffes conspiracy theories falsehoods and smears Can conservatives govern or are they content merely to rage And central to Sykes s discourse is the question of how can the right recover its traditional values and persuade a new generation of their worth

American Madness Tea Krulos, 2020-08-25 Q Anon Fake News Bohemian Grove False flag attacks Deep state Crisis actors Whatever Gate Is any conspiracy worth the life of a believer The mainstream news media struggles to understand the power of social media while conspiracy advocates malicious political movements and even foreign governments have long understood how to harness the power of fear and the fear of power into lucrative outlets for outrage and money But what happens when the

harbingers of inside knowledge go too far Author Tea Krulos tells the story of one man Richard McCaslin who's fractured thinking made him the ideal consumer of even the most arcane of conspiracy theories Acting on the daily rants of Alex Jones and his ilk McCaslin takes matters into his own hands to stop the unseen powers behind the world's disasters who congregate at conspiracy world's Mecca The Bohemian Grove It all goes wrong with terrible consequences for the man who styled himself The Phantom Patriot McCaslin is not alone as conspiracy driven political action has bubbled its way up from the margins of society to the White House It's no longer a lone deranged kook convinced of getting secret messages from a cereal box now it's slick videos and well funded outrage campaigns ready to peddle the latest innuendos and lies in hopes of harnessing the chaos for political gain What is the long term effect on people who believe these barely believable stories Who benefits and who pays the price Krulos investigates and explains the power of conspiracy and the resulting shared madness on the American psyche Tea Krulos is a Milwaukee based writer who documents the underground world of fringe sub cultures His previous books *Apocalypse Any Day Now* *Deep Underground with America's Doomsday Preppers* and *Heroes in the Night* Inside the Real Life Super Hero Movement explored the driving beliefs and lives of the people who choose to reject accepted reality and substitute their own

Paths between Peace and Public Service Jürgen René Blum, Marcos Ferreiro-Rodríguez, Vivek Srivastava, 2018-12-28 Building a capable public service is fundamental to postconflict state building Yet in postconflict settings short term pressures often conflict with this longer term objective To ensure peace and stabilize fragile coalitions the imperative for political elites to hand out public jobs and better pay to constituents dominates merit Donor financed projects that rely on technical assistants and parallel structures rather than on government systems are often the primary vehicle for meeting pressing service delivery needs What then is a workable approach to rebuilding public services postconflict *Paths between Peace and Public Service* seeks to answer this question by comparing public service reform trajectories in five countries Afghanistan Liberia Sierra Leone South Sudan and Timor Leste in the aftermath of conflict The study seeks to explain these countries different trajectories through process tracing and structured focused methods of comparative analysis To reconstruct reform trajectories the report draws on more than 200 interviews conducted with government officials and other stakeholders as well as administrative data The study analyzes how reform trajectories are influenced by elite bargains and highlights their path dependency shaped by preconflict legacies and the specifics of the conflict period As the first systematic study on postconflict public service reforms it identifies lessons for the future engagement of development partners in building public services Rebuilding the bureaucracy is possibly the most underappreciated policy and research question in fragile states today This is one of the most politically astute and thoughtful books I've read on postconflict policy making of any kind Christopher Blattman Ramalee E Pearson Professor of Global Conflict Studies Pearson Institute for the Study and Resolution of Global Conflicts Harris Public Policy University of Chicago Rebuilding states after conflict is the greatest challenge in development today And yet we know precious little about the

actual experience of countries that have tried to rebuild their civil service and restore public services This is a monumental study based on extensive empirical data and field based research across multiple cases that actually opens up the black box of state building in conflict affected countries It should be required reading for anyone who takes on this extraordinary challenge Joel S Hellman Dean Edmund A Walsh School of Foreign Service Georgetown University There isn't a more pressing problem in international development than formulating practical strategies for building institutions in fragile states This book is a remarkable distillation of the frontline experiences of the World Bank in tackling this task Finally we have the basis for an empirically grounded assessment of what works and why Unputdownable James Robinson Reverend Dr Richard L Pearson Professor of Global Conflict and University Professor Institute Director Pearson Institute for the Study and Resolution of Global Conflicts Harris Public Policy University of Chicago
