The Age of Miracles Karen Thompson Walker, 2012-06-21 A stunner from the first page an end of the world coming of age tale of quiet majesty I loved this novel Justin Cronin author of The Passage WHAT IF our 24 hour day grew longer first in minutes then in hours until day becomes night and night becomes day What effect would this slowing have on the world On the birds in the sky the whales in the sea the astronauts in space and on an eleven year old girl grappling with emotional changes in her own life One morning Julia and her parents wake up in their suburban home in California to discover along with the rest of the world that the rotation of the earth is noticeably slowing The enormity of this is almost beyond comprehension And yet even if the world is in fact coming to an end as some assert day to day life must go on Julia facing the loneliness and despair of an awkward adolescence witnesses the impact of this phenomenon on the world on the community on her family and on herself It is never what you worry over that comes to pass in the end The real catastrophies are always different unimagined unprepared for unknown

The Age of Miracles Marianne Williamson, 2008-01-01 As seen on OWN's Super Soul Sunday The need for change as we get older an emotional pressure for one phase of our lives to transition into another is a human phenomenon neither male nor female There simply comes a time in our lives not fundamentally different from the way puberty separates childhood from adulthood when it's time for one part of ourselves to die and for something new to be born The purpose of this book by best selling author and lecturer Marianne Williamson is to psychologically and spiritually reframe this transition so that it leads to a wonderful sense of joy and awakening In our ability to rethink our lives lies our greatest power to change them What we have called middle age need not be seen as a turning point toward death It can be viewed as a magical turning point toward life as we've never known it if we allow ourselves the power of an independent imagination utilizing thought forms that don't simply flow in a perfunctory manner from ancient assumptions handed down to us but rather flower into new archetypal images of a humanity just getting started at 45 or 50 What we've learned by that time from both our failures as well as our successes tends to have humbled us into purity When we were young we had energy but were clueless about what to do with it Today we have less energy perhaps but we have far more understanding of what each breath of life is for And now at last we have a destiny to fulfill not a destiny of a life that's simply over but rather a destiny of a life that is finally truly lived Midlife is not a crisis it's a time of rebirth It's not a time to accept your death it's a time to accept your life and to finally truly live it as you and you alone know deep in your heart it was meant to be lived

The Age of Miracles Karen Thompson Walker, 2012-06-26 From a stunning new literary voice comes a brilliant debut novel that created an international auction frenzy with sales in twenty seven countries to date about a young girl growing up in extraordinary times On a seemingly ordinary Saturday morning Julia and her family wake to discover along with the rest of the world that the rotation of the earth has suddenly begun to slow Set against this threat to normal life The Age of Miracles maps the effects of catastrophes big and small on the lives of ordinary people and in particular one young girl Extraordinary for its original concept unforgettable characters and the grace elegance and beauty of Karen Thompson

Walker's prose *The Age of Miracles* is a mesmerizing story of family turmoil, young love and coming of age set against an upending of life as we know it. *The Age of Miracles* Karen Thompson Walker, 2013-01-15 A painstakingly researched debut imagines the coming of age story of young Julia whose world is thrown into upheaval when it is discovered that the Earth's rotation has suddenly begun to slow posing a catastrophic threat to all life.
