The Anarchy Scroll:

The Anarchy Scroll Geoffrey Sleight, 2014-12-17 Hidden in a land of riddles spells and sorcery lies the mystical Anarchy Scroll When people in a small town begin disappearing an occult expert suspects the diabolical entity Eradicus is on the rise The world is in danger as two evil spirit brothers pave the way for havoc on Earth Only the ancient Anarchy scroll can prevent disaster But the quest to find it is filled with peril

The Dead Sea Scrolls and Contemporary Culture Adolfo D. Roitman, Lawrence H. Schiffman, Shani Tzoref, 2011-03-21 This volume contains the proceedings of the international conference held at the Israel Museum in Jerusalem in July 2008 in honor of the 60th anniversary of the discovery of the Dead Sea Scrolls

Lemurian Scrolls Satguru Sivaya Subramuniyaswami, 2006-07 Imagine reading a book written millions of years ago from within great walled Lemurian monasteries where narrators look back and forward at the same time chronicling mankind's journey to Earth from the Pleiades and other planets in the pursuit of unfolding into the ultimate attainment realization of the timeless formless spaceless Self within Lemurian Scrolls is just that book This ancient manuscript was not found etched on a cave wall or buried in forgotten ruins but rather discovered through the practice of an inner archeology the use of the third eye to read the akashic records Many books exist in the inner akashic library and Satguru Sivaya Subramuniyaswami chose to share the chapters that comprise these Scrolls as a further effort to help us all realize where we came from where we are going and how to connect with our innate Divinity

Ornamented Lives Jaan Valsiner, 2018-10-01 Ornamented Lives is a theoretical synthesis of cultural psychology aesthetics and philosophy of meaning construction It is an extension of the author's theory of Semiotic Dynamics Culture in Minds and Societies 2007 to the field of ornaments Ornaments are not merely decorations but play the important role of guiding the affective depths of the human minds This is done by capturing the whole fields of perceivable peripheral spaces and filling them with highly recursive forms The book concentrates on the visual ornaments of various kinds indicating in them the tensions between basic forms linear and curvilinear This tension is present in human construction of environments natural growth involves curvilinear forms while human constructions introduce linearity The basic tension between linear and curvilinear infinities is expressed in the use of spiral forms in art and architecture The book builds a theoretical account of human beings constantly creating sublime life occasions that give them affective charge for dramatizations of ordinary living Episodically the sublime acquires new quality becomes aesthetic The coverage in this book links the aesthetic the sublime and the mundane into one theoretical scheme within cultural psychology

Unveiling the Messiah in the Dead Sea Scrolls Margaret S. King, 2012-01-20 The author is convinced that the early Byzantine Church deliberately cut out sections from an historic text to conceal the truth about the crucifixion of a man they were promoting as their Messiah She solves the mystery by reconstructing the deleted sections King pieces together what happened in Jerusalem during the trial and attempted crucifixion of the real Messiah and shows that the key passages that were tampered with are actually the missing link that connects the Dead Sea Scrolls to the

New Testament Gospels Using those passages and the history of the period she identifies the figures mentioned in the Dead Sea Scrolls

Secret Scrolls Robert M. Price, 2010-12-27 Secret Scrolls is the very first examination of some forty novels in which someone discovers a new gospel Sometimes it turns out to be a hoax will it be debunked before it can work its mischief If it proves genuine will it be brought to light Or will corrupt church officials manage to prevent it The book evaluates what each author has to say about historical Jesus scholarship or New Testament research in general Sometimes the authors have done their homework other times they haven't bothered and they wind up dishing up crazy rewrites of history and outlandish theories These novels deal with abiding issues of faith even without some new discovery As soon as one engages in biblical apologetics one has stepped onto the marshy ground of probabilistic arguments an entirely different epistemology that automatically replaces simple faith And so one comes to hold one's religious convictions more tentatively having become genuinely vulnerable to new evidence One may not remain a believer for long On the other hand one invites fanaticism if one's faith is dangerously predicated on the assurance that no new discovery will send one back to the drawing board Secret Scrolls assesses what each author imagines it would take to derail and debunk Christianity How mighty a blow must be dealt before the religion would fall Dan Brown's notion that a married Jesus would debunk the Nicene Creed is laughable As Wilbert Francis Howard once argued in his brief and fascinating history of New Testament research there is a genuine romance of New Testament scholarship and many of us are delighted to have the adventure continue in the speculative imaginations of capable novelists These books can both entertain and educate and so will Secret Scrolls

The Love Scrolls Edward Theodore Hayes, 2008-06 Love is a mystery one revered yet feared with questions always under the surface the source of which is never quite known Why do we love How do we love How will we know when we've found our own true love Poet Edward Theodore Hayes explores the path of love through the story of one man and one woman destined to be together in The Love Scrolls Love Passages his first major work The Love Scrolls is an epic rhyming poem of grand proportion filled with the magic of love and the secrets of such revealed It is sweeping and grand and plays on the heart and mind of readers as the love scrolls themselves play on the lives of the inhabitants of this work The Love Scrolls is a beautiful heartfelt and creative work in which lovers of love and thoughtful readers will delight Visit thelovescrolls.com for more

The Timeline Scrolls of a Spiritual Seeker Salim Ahamed Kannu, 2018-07-10 God shows His signs in the farthest horizons and in the inner heart of the individual Every human achievement or external knowledge is a blessing from Him True knowledge lies where the internal ocean meets the external ocean where the esoteric meets the exoteric A blessing is turned evil where one fails to see human achievements in the light of inner knowledge It is natural that the forces that extinguish the inner light are at work by severing it from its source You will find this central idea while unfolding the scrolls of this Timeline
