that the purpose of government is to protect those rights and if a government fails to do so its people are duty bound to revolution

The Age of Reason In this philosophical treatise on theology Paine rejects the notion of divine revelation saying it is revelation to the first person only and hearsay to every other He proceeds with a detailed analysis of the Bible s inconsistencies and historical inaccuracies to conclude that it cannot be a divinely inspired text Arguing against all forms of organized religion he declares nature itself to be the only true testament to the existence of a divine creator The London encyclopaedia, or, Universal dictionary of science, art, literature, and practical mechanics, by the orig. ed. of the Encyclopaedia metropolitana [T.
