Knowledge of God Paul D. Molnar, 2021-12-30 Paul D Molnar discusses issues related to the concepts of freedom and necessity in trinitarian doctrine He considers the implications of non conceptual knowledge of God by comparing the approaches of Karl Rahner and T F Torrance He also reconsiders T F Torrance s new natural theology and illustrates why Christology must be central when discussing liberation theology Further he explores Catholic and Protestant relations by comparing the views of Elizabeth Johnson Walter Kasper and Karl Barth as well as relations among Christians Jews and Muslims by considering whether it is appropriate to claim that all three religions should be understood to be united under the concept of monotheism Finally he probes the controversial issues of how to name God in a way that underscores the full equality of women and men and how to understand universalism by placing Torrance and David Bentley Hart into conversation on that subject

Knowledge of the Self-Revealing God in the Thought of Thomas Forsyth Torrance John Douglas Morrison, 2005-02-07 This work examines Thomas Forsyth Torrance s concern for the modern re entrenchment of dualism as it has negatively affected the Christian faith and the realist knowledge of God in Christ Additionally an analysis is made of Torrance s program to faithfully restore theological thinking theological science and true objectivity out of the

Christocentric Trinitarian self disclosure of God via the modern return to critical realist epistemology in the physical sciences e g Einstein Polanyi The study concludes with a critical examination of the adequacy and completeness of Torrance s endeavor the problem of residual dualism in the light of his own theological and redemptive concerns Understanding Philosophy of Religion Edexcel Text Book Libby Ahluwalia,2008-06 This new approach to the Philosophy of Religion option is perfect for the all new revised AS and A2 Religious Studies qualification A thorough and detailed approach to the material makes this subject accessible for all AS and A2 students and will particularly help ensure higher achieving students attain their best grades *Church Doctrine, Volume 2* Paul C. McGlasson,2014-08-04 The present volume is the second in a five volume study of church doctrine The multivolume set will cover the major parts of church doctrine Canon God Creation Reconciliation and Redemption The first volume now in print begins with an introduction to the entire project on why doctrine matters which stresses the ecumenical global and above all biblical horizons of church doctrine as a primary expression of Christian witness The purpose of this second volume can be simply stated to let God be God In a world in which the God of the Christian witness is often confused with the tribal god of religion a god who sets us against them who divides humanity into nations peoples regions races the gospel proclaims the living God of the Bible who fashions a new humanity on the earth This God in the freedom of his love elects to be for humanity and calls all humanity to live for him Church doctrine is not a luxury but a necessity for the living community of faith by which its witness in word and deed is tested against the one true measure of Christ the risen Lord The Dialogical Imperative David Lochhead,2012-01-30 What is dialogue What are the goals of dialogue between faiths Are they attainable Are they compatible with Christian faith This important book addresses the issue of dialogue from a different even unique perspective as the relationships in social and historical context between faiths David Lochhead first differentiates between several ideological stances often categorized as simply exclusivity or inclusivity that have defined Christian attitudes toward other faiths He considers the sociological as well as theological dimensions of these stances concluding that a theology of interfaith dialogue must ultimately be grounded in a theology of the world Lochhead brings fresh insights to a reading of Barth on the theological significance of religion He argues that while generally considered otherwise Barth s view is not inherently hostile to interfaith dialogue Rather Barth poses questions of the utmost importance to reconciling dialogue with Christian faithfulness Based on this Lochhead proposes a stance of faithful agnosticism the refusal to make a priori valuations of other faiths as the attitude most conducive to constructive interfaith relationships Exploring the notion of dialogue as a means to truth Lochhead then discusses Plato and Buber from the dialogical perspective and addresses the question of whether a doctrine of revelation must be universalized in order to permit interfaith dialogue After examining several views of the ultimate goals of dialogue as understanding as negotiation as integration or as activity Lochhead concludes by explicating the import of the dialogical imperative for Christian theology and mission A clear concise treatment of the nature and goals of interfaith dialogue The Dialogical Imperative affirms the

dialogical approach from within the Reformed Protestant tradition **Believing Thinking, Bounded Theology** Cynthia Bennett Brown, 2015-07-21 If theology at its best is knowing God and all things in the light of his reality what is the nature of that knowledge Of what can we be sure Are there boundaries we must respect in pursuit of such understanding To what extent can we know God and what is the impact of that knowing Little attention has been given in recent scholarship to the work of Emil Brunner 1889 1966 a Swiss pastor professor missionary and theologian whose name is classed among the neo orthodox thinkers of the last century This lacuna is misleading however for his influence on modern theology persists In *Believing Thinking Bounded Theology* Cynthia Bennett Brown explores the nature of and limits to theological thinking in Brunner's own work What results from this study is an encounter with a thoroughly biblical warmly pastoral carefully intellectual and insistently christocentric exposition of the Christian faith that remains relevant for theology and life today

World Christianity Encounters World Religions Edmund Chia, 2018-12-15 Synthesizing the thinking of the most prominent scholars Professor Edmund Chia discusses practically everything that should be known about Christianity's encounter with other religions in this comprehensive book Topics include the invention of the idea of World Religions and World Christianity the Bible and the church's attitude toward other faiths Vatican II Asian Christianity and interfaith dialogue the what why when and how of dialogue the global ecumenical movement theologies of religious pluralism scriptural reasoning cross textual hermeneutics comparative theology interfaith worship religious syncretism multiple religious belonging interfaith learning in seminaries Catholic schools and multiculturalism the mission dialogue paradox and Christian Muslim dialogue on Original Sin and Redemption **Encountering Reality** Travis M. Stevick, 2016-12-01 *Encountering Reality* argues for a new appreciation of T F Torrance on epistemology and reality According to Torrance's realism all authentic knowledge involves the nature of the object impressing its inherent rationality on the mind Consequently knowledge involves thinking in accordance with the nature of the object We shall explore the place and function of ultimate beliefs in epistemology as well as the question as to whether such beliefs imply a retreat to either foundationalism or fideism The inescapability of ultimate beliefs in all human knowledge requires a shift in the traditional notion of objectivity We find that shift in the account provided by T F Torrance whose epistemological position implies an alternative notion of truth Drawing on distinctly Christian sources Torrance emphasizes the distinction between truth and truthfulness thereby reorienting the discussion from a focus on statements to a focus on being This shift challenges the dichotomy between correspondence and coherence theories of truth and provides one way of transcending the scientific realism anti realism debate and gives rise to a practical epistemological tool disclosure models which function as self correcting self marginalizing lenses through which we encounter reality yielding knowledge in accordance to the nature of the thing known **Systematic Theology, Volume 1, Fourth Edition** James Leo Garrett Jr., 2014-09-14 Rivals the major systematic theologies of this century Baptist History and Heritage Journal July 1996 One of the characteristics of Garrett's system that needs especially to be noted is its balanced

judicious and nearly invariably objective presentation of materials While holding true to the teachings of his own Baptist faith Garrett so carefully and judiciously presents alternatives that teachers and students from other confessional and denominational positions will find his work instructive Consensus 1997 If one is searching for an extensive exposition of the biblical foundations and historical developments of the various loci of systematic theology there is no more complete presentation in a relatively short work than this Pastors will especially find this feature to be a real help in teaching theology It is an indispensable contribution to the task of systematic theology Journal of the Evangelical Theological Society September 1999 Many students and pastors will find all they need here and will in addition be helped to relate their knowledge to recent developments in the theological world The Churchman A Journal of Anglican Theology 1991 A gold mine of helpful material The Christian Century May 29 June 5 1991 No book that I know is more loaded with biblical and theological facts than this one The prodigious research that must have gone into the preparation of this volume is truly mind boggling Faith and Mission Fall 1991 Garrett has provided a massive and scholarly systematic theology from a thoroughly conservative and comprehensive viewpoint The work is well documented in both biblical and historical scholarship and will prove to be a classic William Hendrickson Southern Baptist Theological Seminary One of the most comprehensive concise books of its type available it should receive wide use in the classroom and in the study Robert H Culpepper Southern Baptist Theological Seminary

Religious Epistemology through Schillebeeckx and Tibetan Buddhism Jason M. VonWachenfeldt, 2021-02-11 This study investigates how a comparison between the Catholic theologian Edward Schillebeeckx's controversial reading of Thomist philosophy and the Tibetan Buddhist Gendun Chopel's challenge to the standard Geluk teaching of Tsongkhapa's Madhyamaka philosophy might assist in rethinking conceptions of religious knowledge Utilizing a wide variety of methodical approaches to establish an imaginary dialogue between these two thinkers this comparison remains embodied in the thought and praxis of actual individuals and yet still firmly embedded within the conversations and trajectories of their broader religious traditions
