confused and as yet no one has attempted a holistic approach where fish sauce has been given centre stage Roman fish sauce along with oil and wine formed a triad of commodities which dominated Mediterranean trade and while oil and wine can be understood fish sauce was until now a mystery Students and specialists in the archaeology of ancient Mediterranean trade whether through amphora studies shipwrecks or zooarchaeology will find this invaluable Scholars of ancient history and classics wishing to understand the nuances of Roman dining literature and the wider food history discipline will also benefit from this volume
