considerably reduces the number of pages required to provide adequate detailed technical information. However, G80CS and G85CS owners that require additional repair and maintenance information are directed to workshop manual ISBN 9781588502582 which includes the 1957-1966 Matchless Heavyweight singles and owners of the P11 will find the Norton 1966-1970 Lightweight Heavyweight Twins workshop manual ISBN 9781588502421 to be of use as the P11 utilized an engine that was developed from the Norton Atlas model and that manual includes maintenance and repair information for the 750cc Atlas engine. We encourage you to exercise caution when purchasing technical publications for your G80CS, G85CS or P11 motorcycle as many of the reprints found on internet websites are from bedroom sellers at enticingly low prices by individuals that really have no idea what they are selling. Many are nothing more than poor quality comb-bound photocopies that are scanned and printed complete with greasy pages and thumbprints and as such are deceptively described as pre-owned, used or even refurbished. In addition, they are often advertised for the incorrect series and/or model years. However, VelocePress.com has been publishing reprints of motorcycle and automobile manuals since 2003 and our publications have earned excellent reviews worldwide so you can be assured you are purchasing a quality product.
