Hearts, Minds, Voices Jason C. Parker, 2016-09-01 The Cold War superpowers endeavored mightily to win hearts and minds abroad through what came to be called public diplomacy While many target audiences were on the conflict's original front lines in Europe the vast majority resided in areas in the throes of decolonization and experienced the Cold War as public diplomacy as a media war for their allegiance rather than as violence In these areas superpower public diplomacy encountered volatile issues of race empire poverty and decolonization which intersected with the dynamics of the Cold War and with anti imperialist currents The challenge to US public diplomacy was acute Jim Crow and Washington's European imperial alliances were inseparable from the image of the United States and put American outreach unavoidably on the defensive Newly independent voices in the non European world responded to this media war by launching public diplomacy campaigns of their own In addition to validating the strategic importance of public diplomacy they articulated a different vision of the postwar world Rejecting the superpowers Cold War they forged the Third World project around nonalignment post imperial economic development and anti colonial racial solidarity In doing so Jason C Parker argues the United States inadvertently helped to nurture the Third World as a transnational imagined community on the postwar global landscape Tracing US public diplomacy during the early years of the Cold War Hearts Minds Voices narrates how US foreign policy engaged with and impacted the Global South and international history more broadly

Knowledge and Knowers Mlamuli Nkosingphile Hlatshwayo, Hanelie Adendorff, Margaret A.L. Blackie, Aslam Fataar, Paul Maluleka, 2022-04-21 Decolonising Knowledge and Knowers contributes to the current struggles for decolonising education in the global South focusing on the highly illuminating case of South African higher education Galvanised by FeesMustFall and RhodesMustFall student protests South Africa has seen particularly intense and broad social engagement with debates over decolonising universities However much of this debate has been consumed with definitions and meanings In contrast Decolonising Knowledge and Knowers shows how conceptual tools specifically from Legitimation Code Theory can be enacted in research and teaching to meaningfully work towards productive decolonisation Each chapter addresses a key issue in contemporary debates in South African higher education and show how practices concerning knowledge and knowers are playing a role drawing on quantitative and qualitative research praxis and interdisciplinary research **Our**

Voices Alberto González, Yea-Wen Chen, 2016 Brief original essays teach students about particular cultures through the perspective of someone within that culture promoting greater understanding of others **Decolonizing Equity** Billie Allan, Rhonda Hackett, 2022-05-15T00:00:00Z Institutions everywhere seem to be increasingly aware of their roles in settler colonialism and anti Black racism As such many racialized workers find themselves tasked with developing equity plans for their departments associations or faculties This collection acknowledges this work as both survival and burden for Black Indigenous and racialized peoples It highlights what we already know and are already doing in our respective areas and offers a vision of what equity can look like through a decolonial lens What helps us to make this work possible How do we take care with ourselves and each other in this work What does solidarity collaboration or allyship look like in decolonial equity work What are the implicit and explicit barriers we face in shifting equity discourse policy and practice and what strategies skills and practices can help us in creating environments and lived realities of decolonial equity This edited collection centres the voices of Indigenous Black and other racialized peoples in articulating a vision for decolonial equity work Specifically the focus on decolonizing equity is an invitation to re articulate what equity work can look like when we refuse to separate ideas of equity from the historical and contemporary realities of colonialism in the settler colonial nation states known as Canada and the United States and when we insist on linking an equity agenda to the work of decolonizing

our shared realities *The Bloomsbury Handbook of Student Voice in Higher Education* Jerusha Conner, Rille Raaper, Carolina Guzmán-Valenzuela, Launa Gauthier, 2023-11-30 This handbook brings together scholarship from various subfields disciplinary traditions and geographic and geopolitical contexts to understand how student voice is operating in different higher education dimensions and contexts around the world The handbook helps not only to map the range of student voice practices in college and university settings but also to identify the common core elements enabling conditions constraints and outcomes associated with student voice work in higher education It offers a broad understanding of the methodologies current debates history and future of the field identifying avenues for future research *Circle Works* Fyre Jean Graveline, 1998 Inspiring educators philosophers activists shamans artists and visionaries to take up the challenge of bringing alternative teaching possibilities and strategies to the educational experience this book creatively combines Aboriginal teachings with feminist and antiracist theory and practice **Voices of Marginality** Gregory Lee Cuéllar, 2008 *Voices of Marginality* is theoretically grounded in the theology of the diaspora which according to Fernando F Segovia has been forged in the migratory experience of American Hispanics This theological perspective views Judean exiles 587 B C E and contemporary Mexican migrants as part of a recurring diasporic human experience The present analysis reads across from the exile and return envisioned in the poetry of Second Isaiah 40 55 to the corridos ballads about Mexican immigration to the United States More specifically the diasporic categories of exile and return in Second Isaiah inform our reading of exile and return in the Mexican immigrant corridos Conversely the rhetorical ability of these corridos to transmit a collective Mexican identity for immigrants in the United States provides a compelling lens for understanding the images of exile and return in Second Isaiah Ultimately both literary productions reflect voices of marginality **Impacts of the COVID-19 Pandemic on Chinese and Chinese American Women** Ziyang You, 2025-08-05 *Impacts of the COVID 19 Pandemic on Chinese and Chinese American Women* examines how Chinese and Chinese American women in the United States experienced and responded to the double threat of the COVID 19 virus and anti Asian racism from 2020 to 2021 and how the global pandemic changed their daily lives foodways and identities Ziyang You addresses the social and cultural impacts of the COVID 19 pandemic on Chinese and Chinese American Women in the US through the four key themes of racism and anti racism efforts foodways gender construction and community building Drawing on virtual ethnography interviews surveys social media analysis and personal experiences of professional women mothers Chinese international students lay Buddhist women and Chinese adoptees You shows that the racism triggered by COVID 19 echoes longstanding racist tropes such as the yellow peril and discriminations faced by Chinese people in different parts of the world throughout the history of the Chinese diaspora You further explores how individuals relating to one or more identities can form communities in which folklore helps them bond and express shared unique cultural values *Impacts of the COVID 19 Pandemic on Chinese and Chinese American Women* highlights women s agency in response to the pandemic and racism as well as the dynamic process
