Dear Reference Chair:

I am writing to tell you about a wonderful young woman who will be attending your college this fall as a (classification such as freshman, sophomore, or junior) and going through sorority recruitment. Her name is (Jane Doe), but we all call her (Janie). She would make an outstanding member in your chapter. Both her mother and sister are members of (sorority name).

Janie is a charming, enthusiastic, intelligent, happy, well-adjusted and witty young woman. She is very organized and well-liked by her peers. She was selected as an outstanding young woman from Polk High School. She has been a member of the tennis team for four years and plays the piano. Janie is also the editor of her high school yearbook. Other activities include participation in student government and co-chairing the dance marathon this year.

Janie volunteers in her church nursery and at the Salvation Army shelter. In the summer, she teaches tennis at a local camp. She is a member of the National Honor Society, the Quill and Scroll Society, and a National Merit Finalist. As you can guess, her scholastic achievements are outstanding with a 3.8 GPA. Her class ranking is tenth out of 300 students in her graduating class.

Affirming Identity, Advancing Belonging, and Amplifying Voice in Sororities and Fraternities Pietro A. Sasso, Mónica Lee Miranda, J. Patrick Biddix, 2024-04-01 In the wake of the AbolishGreekLife and other calls for racial justice the role of identity development also becomes ever increasingly important as we consider how to make the sorority fraternity more inclusive for our students In the end it may really be the power of inclusion on college campuses that leads to many of the educational goals that we yearn for in student growth the formal and informal social interactions bonded in reflective learning that help build social and academic success In this we can celebrate together especially those of us who have romanticized so many bright college years This text is a response to a call for existential exploration as an attempt to critically revivify our understanding of the sorority fraternity experience as it contributes specifically to students identity development and learning The text is grouped around centering their experiences through three A s Amplifying Voice Affirming Identity and Advancing Belonging to highlight the identity experiences of the diverse spectrum of fraternity and sorority members across the intersections of identity so often excluded from the literature Chapters in this text attempt to foreground how the fraternity sorority experience explicitly contributes to these areas of student development across multiple identities including race ethnicity culture gender identity social class and ability Authors critically interrogate systems of oppressions that subjugate marginality from those with intersectional identities to recognize the larger challenges facing the sorority fraternity movement as an attempt to disrupt these systems to better identify influences on identity development

ENDORSEMENTS Pietro Sasso and associates are leading a game changing conversation about the impact of fraternity and sorority communal experiences on student identity Pietro Sasso and the contributing authors of this robust text successfully endeavor to inform practice through critical analysis framing important questions and offering pragmatic solutions that are timely relevant and practical in both the academy and the fraternal system This book is a must read for anyone seeking to understand or have a relevant impact on the intersections of sense of belonging identity development and sorority fraternity life Jason L Meriwether Campbellsville University In their most recent book examining contemporary sorority and fraternity life Sasso Biddix and Miranda have curated discerning chapters that expand existing scholarship by exploring the impact of fraternity and sorority membership on identity development belonging and student voice through critical lenses This book should be on the bookshelf of all higher education administrators and faculty Gavin Henning New England College

Alexandra Robbins,2011-05-24 Alexandra Robbins wanted to find out if the stereotypes about sorority girls were actually true so she spent a year with a group of girls in a typical sorority The sordid behavior of sorority girls exceeded her worst expectations drugs psychological abuse extreme promiscuity racism violence and rampant eating disorders are just a few of the problems But even more surprising was the fact that these abuses were inflicted and endured by intelligent successful and attractive women Why is the desire to belong to a sorority so powerful that women are willing to engage in this type of behavior especially when the women involved are supposed to be considered sisters What definition of sisterhood do many women embrace *Pledged* combines a sharp eyed narrative with extensive reporting and the fly on the wall voyeurism of reality shows to provide the answer **1001 Letters For All Occasions**
