Holtgrave,2013-06-29 If resources for HIV prevention efforts were truly unlimited then this book would be entirely unnecessary In a world with limitless support for HIV prevention activities one would simply implement all effective or potentially effective programs without regard to expense We would do everything useful to prevent the further spread of the virus that has already claimed hundreds of thousands of lives in the United States and millions of lives worldwide Unfortunately funding for HIV prevention programs is limited Even though the amount of available funding may seem quite large especially in the United States it is still fixed and not sufficient to meet all needs for such programs This was very well illustrated in the summer of 1997 when over 500 community based organizations applied for a combined total of 18 million of HIV prevention funding from the U S Centers for Disease Control and Prevention CDC Less than one fifth of these organizations received support via this funding mechanism Hence although 18 million may seem like a large amount of money at first blush it is not enough to meet all of the prevention needs that could be addressed by these community based organizations **Worth the Risk** Weston Parker,2024-02-26 I thought getting back to the forest would give me a chance to calm down Research is my passion And after my time in the city I need the wilderness to settle my nerves But Park Ranger Caleb Hunt has something else in mind Settling my nerves is definitely not on his to do list Tall handsome and cocky as hell He s everything I ve ever wanted In my world In my bed But something in his past is holding him back One second he s hot as the surface of the sun The next he s cold as the ice on a mountaintop I want to tame his heart but he s wild as the wilderness he ranges But I m willing to take a chance I just hope like hell he s worth the risk These are stand alone stories that can be read as such Enjoy the HEA Every good girl deserves a bad boy Weston **Identity Risk (The Billionaire Experience)** Jaime Lewis,2024-09-17 Billionaire Jessie Marchand thought she had left her past behind when she disappeared into protective custody After taking over her father s powerful investment firm threats poured in threats that nearly cost her life and the lives of those she loved For nearly two years she lived under an alias leaving behind everything including Mac the man she loved with all her heart Mac Ramsey a former Navy SEAL turned owner of the elite Shades Security has never stopped looking for Jessie since the day she vanished without
