Maternal Child Nursing Care - E-Book Shannon E. Perry, Marilyn J. Hockenberry, Kitty Cashion, Kathryn Rhodes Alden, Ellen Olshansky, Deitra Leonard Lowdermilk, 2022-03-05 Master the essentials of maternity and pediatric nursing with this comprehensive all-in-one text. Maternal Child Nursing Care 7th Edition covers the issues and concerns of women during their childbearing years and children during their developing years. It uses a family-centered problem-solving approach to patient care with guidelines supported by evidence-based practice. New to this edition is an emphasis on clinical judgment skills and a new chapter on children with integumentary dysfunction. Written by a team of experts led by Shannon E. Perry and Marilyn J. Hockenberry, this book provides the accurate information you need to succeed in the classroom, the clinical setting, and on the Next Generation NCLEX RN examination. Focus on the family throughout the text emphasizes the influence of the entire family in health and illness. Expert authors of the market-leading maternity and pediatric nursing textbooks combine to ensure delivery of the most accurate up-to-date content. Information on victims of sexual abuse, as parents, and human trafficking helps prepare students to handle these delicate issues. Nursing Alerts highlight critical information that could lead to deteriorating or emergency situations. Guidelines boxes outline nursing procedures in an easy-to-follow format. Evidence-Based Practice boxes include findings from recent clinical studies. Emergency Treatment boxes describe the signs and symptoms of emergency situations and provide step-by-step interventions. Atraumatic Care boxes teach students how to manage pain and provide competent care to pediatric patients with the least amount of physical or psychological stress. Community Focus boxes emphasize community issues, provide resources and guidance, and illustrate nursing care in a variety of settings. Patient Teaching boxes highlight important information nurses need to communicate to patients and families. Cultural Considerations boxes describe beliefs and practices relating to pregnancy, labor, and birth, parenting, and women's health. Family-Centered Care boxes draw attention to the needs or concerns of families that students should consider to provide family-centered care.

I Confess! Thomas Waugh, Brandon Arroyo, 2019-11-21 In the postwar decades, sexual revolutions, first women's suffrage, flappers, Prohibition, and Mae West, later Alfred Kinsey, Hugh Hefner, and the pill, altered the lifestyles and desires of generations. Since the 1990s, the internet and its cataclysmic cultural and social technological shifts have unleashed a third sexual revolution, crystallized in the acts and rituals of confession that are a staple of our twenty-first century lives. In *I Confess*, a collection of thirty original essays, leading international scholars such as Ken Plummer

Susanna Paasonen Tom Roach and Shohini Ghosh explore the ideas of confession and sexuality in moving image arts and media mostly in the Global North over the last quarter century Through self referencing or autobiographical stories testimonies and performances and through rigorously scrutinized case studies of gay for pay gaming camming YouTube uploads and the films Tarnation and Nymph maniac the contributors describe a spectrum of identities desires and related representational practices Together these desires and practices shape how we see construct and live our identities within this third sexual revolution embodying both its ominous implications of surveillance and control and its utopian glimmers of community and liberation Inspired by theorists from Michel Foucault and Gilles Deleuze to Gayle Rubin and Jos Esteban Muoz I Confess reflects an extraordinary paradigm shifting proliferation of first person voices and imagery produced during the third sexual revolution from the eve of the internet to today
