Cover-Ups & Secrets Nick Redfern,2019-06-01 A compelling look at the misuse of power lies corruptions and cover ups Fake news alternative facts outright lies fears of nuclear war widespread surveillance of the population mass shootings the rise of a totalitarian state and more have led millions of us to distrust the word of government And with good reason too There are countless conspiracy theories in circulation that suggest the world as we see it is not as it really is Disinformation campaigns try to tell us that up is down and right is wrong More and more people are beginning to realize that we are being manipulated and lied to We are denied access to secrets that shouldn t be secrets Our politicians obfuscate deny and outright lie No one knows whom to trust The nightly news is being replaced by carefully orchestrated propaganda Our iPhones are monitored as are our laptops and our landlines As for social media that too is ripe for spying by men in black suits No wonder then that the last few years have seen an incredible rise in conspiracy theories about deceptions and cover ups They range from the controversial to the shocking and from the nightmarish to the downright terrifying And you can find all of them in the pages of Cover Ups Secrets The Complete Guide to Government Conspiracies Manipulations Deceptions From the dark agendas to restrict our access to the Internet and even ban books to suppressing cancer cures to ensure the pharmaceutical industry continues to reap gigantic profits and the murder of politicians scientists world leaders and even Princess Diana in the name of national security Cover Ups Secrets reveals dozens of nefarious conspiracies plots hidden agendas and betrayals including Amazon s Alexa the secret spy in the home NASA misdirections The classified Pentagon program on alien life Clandestine plans for nuclear and bacteriological warfare NSA s penetration of cell phones email Facebook Twitter and Skype messages Suspicious deaths The Bilderbergers the Illuminati and the Bohemian Club Secrets of the Philadelphia Experiment Reptilian Aliens and the British Royal Family The Patriot Act and the government s monitoring of reading habits And much much more **Visions of Turmoil and Eternal Rest** Ebenezer A.

Belete,Warren A. Shipton,2011-09-19 One of the most fascinating periods of history must certainly be around the time of Daniel the prophets time sixth and fifth centuries B C It was then that many of the philosophies that were to exert a telling

influence on Western thought and Christianity arose This is the period when Buddha Confucius Lao Tzu Zoroaster and Pythagoras developed their ideas In this book we consider the coded messages written by Daniel and later by the apostle John preserved in the Bible History offers outstanding confirmation of the accuracy of their predictions We indicate how past and developing world events fit into the fabric of prophecy Disperse Nelo Dadd,2010-06-10 Jesus said in John 16 4 I am the way the truth Jesus came to this world to destroy the works of the Devil because Satan is a liar and the father of it John 8 44 when the truth is revealed to us we do not have or display any excitement about it and much less do we develop or acquire a mental capacity and ability to relate understand and to accept anything as an absolute truth The Bible is the sacred inspiration of God which contains divine and infinite truths Perverting the Promised Land Charles Wilcox,2015-10-30 Who really killed Lincoln The value of history is understood less and less in our world It s an easy subject to underestimate But the reality is that knowing history is vital to a people s survival Creating connections with the past orients and stabilizes us It provides specific lessons that can inform our decision making both individually and nationally It supplies our memory as a people as well as our understanding of and appreciation for personal and national character It fortifies us to face hardships with resolution And it is extremely prophetic as it tends to play out in repetitive cycles The lessons are many and they are invaluable What sorts of lessons will this history teach Will it fill our students with a sense of positive purpose Will it inspire them to follow the best examples of their forebears and to build heroic character Will it strengthen them for future challenges The better you understand history the better you can understand why our ignorance of it is so dangerous
