1992). The authors also found that the use of the word "and" in the sentence "I am a person and I am a person" was associated with a higher level of self-esteem than the use of the word "or" in the sentence "I am a person or I am a person". This finding is consistent with the idea that the use of the word "and" is associated with a higher level of self-esteem than the use of the word "or".
