Werewolves Of Montpellier Jason:

Werewolves of Montpellier Jason, 2010-07-20 Sven a semi aimless Scandinavian artist who has ended up in Montpellier France on a futile romantic pursuit enjoys nocturnal raids into other people s homes disguised as a werewolf The way he figures it the disguise will give him an extra few moments advantage vis vis any startled home owner if things get ugly but he hasn t taken into account the existence of a society of real Montpellier based werewolves who do not take kindly to this new pretender So while Sven spends his days playing chess and poker with his friends sketching his way through his picturesque chosen hometown and coping with romantic dilemmas both his and those of his best friend the Breakfast at Tiffany s obsessed Audrey who has girl troubles of her own little does he realize that a genuine threat to his life and for that matter his humanity is closing in on him Werewolves of Montpellier is a lycanthropic thriller a romantic comedy and an existential drama beware the full moon

Athos in America Jason, 2012-03-05 Jason returns with more tales of love and loss among the dog and cat headed Another all original collection of full color graphic novellas in the format of Low Moon Athos in America takes its title from the lead story a prequel of sorts to the graphic novel The Last Musketeer in which the seemingly ageless swashbuckler turns up in a bar in 1920 New York and relates the tale of how he went to Hollywood to play himself in a film version of The Three Musketeers Another tie in with a previous Jason story occurs in The Smiling Horse in which the characters from the story in Low Moon attempt to kidnap a woman

Lost Cat Jason, 2013-07-19 A detective is walking down the street It is raining He sees a Lost Cat poster A minute later he sees the cat from the photo He picks it up and goes back to the poster He calls the number A woman answers He turns up at her place and gives her the cat She invites him in from the rain for a cup of coffee They talk and find out they have a lot in common both are divorced and living alone Some days later he invites her out for a dinner She accepts He shows up at the agreed time She doesn t He calls her home and knocks on her door No answer He asks the neighbors They haven t seen her She has disappeared He makes some phone calls and investigates but can t find her He gets a new client and has to start working on a new case In his head he continues their conversation Lost Cat the new graphic novel by Jason after years of graphic novellas of less than 50 pages arguably his first genuine graphic NOVEL is both a playful take on the classic detective story and a story about how difficult it is to find a sister spirit someone you feel a real connection to and what do you do if you lose that person

Low Moon Jason, 2009-07-14 This book features five yarns all brand new with the exception of the aforementioned Low Moon which is collected into book form for the first time The new stories lead off with Emily Says Hello a typically deadpan Jason tale of murder revenge and sexual domination Then the wordless tells two tales at once one about a skinny guy trying to steal enough money to save his ill mother and the other about a fat guy murderously trying to woo his true love The reason we follow these two parallel stories becomes obvious only on the very last page in Jason s inimitable genre mashing style Early Film Noir can best be described as The Postman Always Rings Twice meets Groundhog Day But starring cavemen And finally

You Are Here features alien kidnappings space travel and the pain and confusion of family ties culminating in an enigmatic finale that rivals Jason's greatest twists Funny poignant and wry Low Moon shows one of the world's most acclaimed graphic novelists at the absolute peak of his powers Isle of 100,000 Graves Fabien Vehlmann,2011-06-15 Five years ago little Gwenny's father found inside a bottle a map with instructions on how to reach the mysterious Isle of 100 000 Graves and its legendary treasures and then he vanished Now Gwenny having stumbled across another bottle shipped map enlists the dubious help of a shipful of pirates sets out to find the island and her long lost dad Little does she realize that the Isle comes by its ominous name honestly as the location of a secret school for executioners and torturers where apple cheeked youngsters are taught the finer points of extracting information from prisoners and then putting an end to their lives in a wide variety of gruesome ways And they've reached the point in their studies where theory should ideally give way to practice so an influx of uninvited visitors comes as a blessing to the faculty And yes this story is a comedy Albeit a dark one
