### Insertion Instructions

Before inserting the monitor, turn down the volume on your sound source and either drape the cord over your shoulders and down your back, or run the cord down in front. The monitors are marked with (R) and (L); (R) for the right ear, (L) for the left. If you have selected a foam eartip, compress the foam by rolling it between your fingers (fig. 1). With the body of the monitor toward the back of your ear and the cord facing forward, insert the eartip into your ear canal before the foam expands back to its original shape (fig. 2). If you have trouble inserting the monitor, reach over your head with your opposite hand and gently pull up and back on the top of your ear before inserting the eartip. This helps straighten your ear canal and may allow for easier insertion. The monitor cord should run over and behind your ear. Hold the monitor in place for 5 to 10 seconds to allow the foam to expand and conform to the shape of your ear canal (fig. 3).

**IDENTIFY EARPICES**  
marked (R) for right and (L) for left

**ALIGN EARPICES**  
at the ear canal, with cord facing forward & slightly downward

**INSERT EARTIP**  
into ear canal and rotate eartip backwards & into position

Once the monitors and cords are comfortably in place, slide the cable zipper on the EPIC cable up to the base of your skull (not too snugly, as this may cause discomfort). This will limit cable movement and help ensure that your monitors stay in place during use. There is no zipper on the G2 cable with Apple control.

### Cable Removal

**HOLD**  
the eartip and cable firmly with each hand

**REMOVE**  
the cable by holding close to the connection and pulling at a straight angle from the socket. Do not pull from the wire!

### Cable Replacement

**CHECK**  
if the cable is for the left or right earphone

**MATCH**  
the cable to the appropriate earphone

**INSERT**  
the cable into the earphone by pushing directly into the socket

**The Economist** ,1917 Uncharted Waters Norman Fishler, 2022-08-01 The purpose of this book is to give

Christa-centered believers an objective look at how a community of believers has the ability to not just survive in the rough and tumble times that a post-financial collapse world will inevitably lapse into but actually thrive. Christa-centered leadership is the key. Honoring God the Father and His Son Yeshua in all aspects is something that the author strove to hear God's leading on from start to finish. Over the last twenty years many books, articles, and movies have been written and filmed about the postapocalyptic world, both fiction and non-fiction, how to centering on what to do and how to do it. Most if not nearly all have focused on a few major topics with perhaps another one or two side issues. In this book the author has endeavored to cover as many facets as possible that will come into play as given to him by God's Spirit. Financial collapse, firearms self-defense, breakdown of law and order, cannibalism, barter, invasion by the UN, the setting up of a retreat, basic survival skills, and medical care by amateurs have all been covered in other works and usually quite well. But as they say on TV, wait there's more, much, much more. Also woven into this work are torture, suicide, homosexuality, and the subsequent deliverance from it, along with the very real probability of Islamic terrorism. Then we get to, for the most part, the forgotten wild cards: a command structure for the leadership, unparalleled cataclysmic geological upheaval, pandemic outbreak, the setting up of a city of refuge for God's people, and without question, the most neglected yet far and away most important deciding factor in all this: the last days move of God. Mix all these factors together and there we will find ourselves in uncharted waters.

*A Layman's Guide To C.* Jack Trickler, 2010-02. This history of the origins and development of Christian denominations is in layman's language. Readers will not become bogged down in technical or archaic terms. Begin by reading about the Christian groups, denominations that developed in the time between Jesus' crucifixion and the formal origins of the Roman Catholic and Orthodox churches. Learn how the Roman empire came to accept Christianity as its religion, of the cooperation and struggles between the Roman Catholic and Orthodox churches, and how that led to their separation. Read about how the Black Death, the Crusades, the struggles within the Roman Catholic Church led some church leaders such as Martin Luther to attempt to reform the church, and how those attempts led to The Reformation. That opened the door to England, declaring that the Church of England, the Anglican Church, is the true Christian church. John Calvin laid the ground work for what became the Presbyterian and the Reformed churches. Then came the Huguenots and the Walloons and the Puritan Pilgrims who came to America and evolved into such as the Congregationalists. Back in England the Quakers experienced persecution that encouraged them to move to America. John Wesley began what evolved into Methodism. The American Revolution caused American churches of English origin to separate from their English roots and to become such as the Episcopalians and the Methodists. Read about the history of the many denominations that have come into being in The United States. There are the numerous Christian churches: the Unitarians, Spiritualist churches, Mormons, Adventists, Jehovah's Witnesses, Christian Science, Pentecostalism, and many independent non-denominational churches. It is fascinating history and all in layman's language.
