South African Army Application Forms 2015 2016:

South Africa's Post-Apartheid Military Lindy Heinecken, 2020-01-01 This timely book examines how the South African National Defence Force has adapted to the country's new security political and social environment since 1994. In South Africa's changed political state, how has civilian control of the military been implemented and what does this mean for defence in a democracy? This book presents an overview of the security environment, how the mission focus of the military has changed and the implications for force procurement, force preparation, force employment and force sustainability. The author addresses other issues such as the effect of integrating former revolutionary soldiers into a professional armed force, the effect of affirmative action on meritocracy, recruitment and retention, military veterans looking at the difficulties they face in reintegrating back into society and finding gainful employment, gender equality and mainstreaming the rise of military unions and why a confrontational instead of a more corporatist approach to labour relations has emerged. HIV/AIDS and the consequences this holds for the military in terms of its operational effectiveness. In closing, the author highlights key events that have caused the SANDF to become lost in transition and transformation, spelling out some lessons learned. The conclusions she draws are pertinent for the future of defence security and civil-military relations of countries around the world.

Sociology in South Africa R. Sooryamoorthy, 2016-08-13 This book is the first comprehensive account of the history and current state of South African sociology. Providing a holistic picture of the subject both as it is taught in universities and as a field of research, it reveals the trajectories of a discipline in a challenging socio-political context. With the support of historical and scientometric data, it demonstrates how the changing political situation from colonialism to apartheid to democracy has influenced the nature, direction and foci of sociological research in the country. The author shows how during the apartheid era sociology was professionally fragmented and divided along language and race lines. It was, however, able to flourish with the advent of democracy in 1994 and has become a unique academic movement. This insightful work will appeal to students and scholars of the social sciences and all those interested in the history and society of South Africa.

Private Military and Security Contractors Gary Schaub, Jr., Ryan Keltz, 2016-06-16 In *Private Military and Security Contractors*, PMSCs, a multinational team of scholars and experts address a developing phenomenon: controlling the use of privatized force by states in international politics. Robust analyses of the evolving multi-layered tapestry of formal and informal mechanisms of control address the microfoundations of the market, such as the social and role identities of contract employees, their acceptance by military personnel and potential tensions between them. The extent and willingness of key states—South Africa, the United States, Canada, the United Kingdom and Israel—to monitor and enforce discipline to structure their contractual relations with PMSCs on land and at sea is examined, as is the ability of the industry to regulate itself. Also discussed is the nascent international legal regime to reinforce state and industry efforts to encourage effective practices.

punish inappropriate behavior and shape the market to minimize the hazards of loosening states oligopolistic control over the means of legitimate organized violence The volume presents a theoretically informed synthesis of micro and macro levels of analysis offering new insights into the challenges of controlling the agents of organized violence used by states for scholars and practitioners alike

The Handbook of Displacement Peter Adey, Janet C. Bowstead, Katherine Brickell, Vandana Desai, Mike Dolton, Alasdair Pinkerton, Ayesha Siddiqi, 2020-12-11 This Handbook provides the knowledge and tools needed to understand how displacement is lived governed and mediated as an unfolding and grounded process bound up in spatial inequities of power and injustice The handbook ensures first that internal displacements and their everyday re occurrences are not overlooked second it questions who counts by including displaced people who are less obviously identifiable and a clearly circumscribed or categorised group third it stresses that while displacement suggests mobility there are also periods and spaces of enforced stillness that are not adequately reflected in the displacement literature and fourth it re evokes and explores the place in displacement by critically interrogating peoples right to place and the significance of placemaking unmaking and remaking in the contemporary world The 50 plus chapters are organised across seven themes designed to further develop interdisciplinary study of the technologies journeys traces governance more than human representation and resisting of displacement Each of these thematic sections begin with an intervention which spotlights actions to creatively and strategically intervene in displacement The interventions explore myriad meanings and manifestations of displacement and its contestation from the perspective of displaced people artists writers activists scholar activists and scholars involved in practice oriented research The Handbook will be an essential companion for academics students and practitioners committed to forging solidarity care and home in an era of displacement

Life-Writing from the Margins in Zimbabwe Oliver Nyambi, 2019-05-20 This book explores the unique contributions of various forms of post 2000 life writings such as the autobiography epistles and biographies to discourses about the nature and socio politics of what has become known as the Zimbabwean crisis c 2000 2009 Much of what has been written about the Zimbabwean crisis a decade long period of unprecedented economic collapse and political upheavals in the southern African country is strictly discipline specific and therefore limited to unidimensional modes of theorising the crisis s many and complex dimensions and dynamics In this context this book charts a paradigm shift in hermeneutic and epistemological approaches to comprehending the Zimbabwean crisis Life Writing from the Margins in Zimbabwe centres the experiences and memories of ordinary Zimbabweans in pluralizing modes of seeing and knowing the crisis The book argues that these life writings present a rich site for encountering versions of the crisis that relate in counter discursive ways to the dominant state authored narrative of the nation in crisis Oliver Nyambi s analysis contributes new ideas to ongoing debates about how cultural texts reflect on the postcoloniality of both power and experiences and negotiations of power in the context of crisis This book will be of interest to scholars and students of African literature Zimbabwean African studies postcolonial literature life writing and cultural studies

Law, Technology and Governance Roger Brownsword, 2025-09-23 This book argues that law regulation and technology can be understood as particular kinds of governance projects and their credentials assessed according to an overarching concept of good governance The book introduces the ideas of governance by law and governance by regulation as particular types of projects within a constellation of governance projects some normative some non normative and some hybrid As such legal and regulatory projects can be differentiated from each other as well as from other normative governance projects such as ethics They can also be contrasted with various kinds of non normative technological projects and more importantly they can be compared with governance projects that are hybrids such as rule and tool projects Based on this account of governance the limitations and imperfections of legal and regulatory governance relative to an overarching concept of good governance become readily

apparent Focusing on governance projects governance problems and governance prospects the book thereby offers an insightful and original analysis of the current and future intersection of law technology and governance This book will be of interest to legal researchers and postgraduates in the burgeoning field of law regulation and technology as well as others with more general interests in issues of law and governance *Political Handbook of the World 2018-2019* Tom Lansford,2019-03-19 The Political Handbook of the World provides timely thorough and accurate political information with more in depth coverage of current political controversies than any other reference guide The updated 2018 2019 edition will continue to be the most authoritative source for finding complete facts and analysis on each country s governmental and political makeup Compiling in one place more than 200 entries on countries and territories throughout the world this volume is renowned for its extensive coverage of all major and minor political parties and groups in each political system It also provides names of key ambassadors and international memberships of each country plus detailed profiles of more than 30 intergovernmental organizations and UN agencies This comprehensive update will include coverage of current events issues crises and controversies from the course of the last two years including Elections across Europe Referendum in Ireland Rohingya genocide in Myanmar The Venezuelan dictatorship The renaming of Swaziland to eSwatini Qatar diplomacy changes Historic meeting between the United States and North Korea Establishment of a new governing coalition in Liberia

The Economics of Defense Industry Thomas-Durell Young,2023-10-17 This book on the economics of defence industry assesses a series of historical and contemporary case studies that consistently demonstrate the need for governments to recognise and thereafter factor the financial needs of a narrow industrial sector that is capital intensive technologically advanced and that requires a highly skilled labour force Since the end of the cold war Western governments have systematically reduced financial support to their domestic defence industry and have seemingly ignored planning and funding industrial mobilisation In all cases government policy has been to encourage industries to consolidate capacity to become financially viable in a sector that has seen diminished demand The 2022 Russian invasion of Ukraine has caused Western governments to reassess their previous assumptions Efforts to increase industrial capacity have been met with the iron laws of economics whereby businesses need to show return on investments The chapters in this volume posit that efforts to rationalise industrial capacity and innovation to meet short term financial efficiencies inevitably results in limited expensive and long delays in increased production in times of international crisis This book serves as an essential guide for academics researchers and students interested in defence economics industrial economics international relations and industrial policy The chapters in this book were originally published in various issues of Defense Security Analysis Our Social World Jeanne H. Ballantine,Keith A. Roberts,Kathleen Odell Korgen,2016-11-30 Inspire your students to develop their sociological imaginations in *Our Social World* Focused on deep learning rather than memorization this book encourages readers to analyze evaluate and apply information about the social world to see the connection between the world and

personal events from a new perspective and to confront sociological issues on a day to day basis Organized around the Social World Model a conceptual framework used across chapters to see the complex links between various micro to macro levels of the social system students will develop the practice of using three levels of analysis and to view sociology as an integrated whole rather than a set of discrete subjects
