

What About Me?

By Hal Prickett

I know we've had our differences
I know we've lost our way
But can't you find it in your heart
To try again and stay?

This isn't just about you
There are times as you see
If you leave me for another
Then what will become of me?

What about me?
What about all the love we shared?
What about all the dreams unfinished
That are hanging in mid-air?
What about me?
What am I supposed to do?
When you walk right out that door and
My whole world depends on you

What about us?
When there's no more me and you
How do I go on living
When we've always lived as two?
What about us?
Is there anything we can do?
To find our way to yesterday
The love that we once knew

You are everything to me
I am the sun and moon to you
So just give us one more chance
To find the magic that we knew

Maybe you'll stay
Maybe we'll give it one more try
Maybe we'll find a way to feel like we did then
Maybe you'll stay
Maybe our hearts will heal in time
And we'll find that same old feeling once again

What About Me:

What About Me Dr. Shaunte McFarland, M.Ed.,2017-02-10 It s truly the story that never ends and rarely changes At least once a month as I sit down to catch up with a fellow military spouse my heart aches John is gone again He just got back and he s gone again After I late my friend vent and be heard the concluding statement remains the same What About Me Indeed we have married men that are called to serve and protect the country we love so dearly But the truth of the matter is that we have been called as well We have a divinely assigned purpose in life We have been chosen to make a great impact in the world and in the lives of those around us This fictitious story of seven military wives brings to light many unknown battles and shortcomings of the women behind the men With its relatable and humorous style writing What About Me may have you crying one moment and laughing the next But one thing will happen for sure you will be empowered What About Me?' and 'What About Me, Too?' Kate Figes,2013-08-06 Teenage life from two perspectives Frankie s diary and her mother s emails to sis in Oz Love gets lost for a while through misunderstandings **What about Me?** Jane Greer,2010 Selfishness and entitlement have never been more prevalent What About Me will help readers discover what role selfishness is playing in their relationship while helping them better understand what drives their partner to behave selfishly Today You Forgive Me. What About Tomorrow? Darien K. Marshall CPC,2016-02-05 Forgiveness can lead to a life of prosperity and abundance It can open the door to loving intimate relationships and strengthen the bond of lifelong friendships and the health benefits that are experienced when resentments are released are astounding You are about to enter what the author hopes you will find to be a humorous and delightful journey on the subject of forgiveness Many who seek self help and inspiration wonder why with all of the work they have done to improve themselves there still seems to be a sense of poverty in certain areas of their lives Something still seems to be missing Maybe you yourself asked How I can prevent negative things from coming into my experience The answer to that question may be closer than you think You now hold in your hands an amazing treasure that may lead you to the answers that you re looking for Fasten your seat belt It s going to be a fun ride **Cherokee Language Lessons** Michael Joyner,2014 One of the keys to acquiring a new language is to learn the patterns that make up the language Simply learning phrases so you can speak pidgin Cherokee is not learning Cherokee You need to learn the fundamentals of the language on how words are put together to be able to understand and communicate in the language There are many degrees of meaning that different word parts provide and if you don t learn these shades of meaning up front and how they are expressed you will never progress beyond simple memorized phrases and never obtain satisfaction with the language While each person s skill will differ one should strive to gain enough understanding of the mechanics of language to be able to comprehend and communicate effectively The goal of this material is to provide you a solid structural foundation on how Cherokee works You will learn how words are put together in basic sentences and how to form new words for ideas not listed in the dictionary *What About Us?* Edgar D. Johnson,2010-12-01 Over the past three decades the standards

based reform movement has transformed K 12 education in the United States culminating with passage of the No Child Left Behind Act in 2002 Beyond making reasonable accommodations for special needs students standards based education pays little attention to other areas of student difference relying instead on a rational actor model of student experience and ignoring how differences in students backgrounds and orientations impact their particular experiences of schooling This book examines the development of standards based education with particular scrutiny of the roles of the National Governors Association and its National Education Summit events Examination of important documents emerging from those events provides an illustration of the conceptually impoverished understanding of student subjectivity motivation and agency inherent in standards based education In order to understand both problems with and alternatives to standards based education the author examines the roles of ideology rhetoric and audience in school policy In three case studies the author analyzes several non school models of education including Marine Corps bootcamp Ving Tsun kung fu training and an online school resistance community Johnson argues that examination of these learning contexts provides a better understanding of the shortcomings and dangers of the standards based model of student subjectivity and suggests a set of fourteen principles to inform the development of more student centered alternatives
