[Finding George Orwell in Burma](#) Emma Larkin,2006-03-06 A fascinating political travelogue that traces the life and work of George Orwell author of 1984 and ANIMAL FARM in Southeast Asia Over the years the American writer Emma Larkin has spent traveling in Burma also known as Myanmar she s come to know all too well the many ways this brutal police state can be described as Orwellian The life of the mind exists in a state of siege in Burma and it long has But Burma s connection to George Orwell is not merely metaphorical it is much deeper and more real Orwell s mother was born in Burma at the height of the British raj and Orwell was fundamentally shaped by his experiences in Burma as a young man working for the British Imperial Police When Orwell died the novel in progress on his desk was set in Burma It is the place George Orwell s work holds in Burma today however that most struck Emma Larkin She was frequently told by Burmese acquaintances that Orwell did not write one book about their country his first novel *Burmese Days* but in fact he wrote three the trilogy that included *Animal Farm* and *Nineteen Eighty Four* When Larkin quietly asked one Burmese intellectual if he knew the work of George Orwell he stared blankly for a moment and then said Ah you mean the prophet In one of the most intrepid political travelogues in recent memory Emma Larkin tells of the year she spent traveling through Burma using the life and work of George Orwell as her compass Going from Mandalay and Rangoon to poor delta backwaters and up to the old hill station towns in the mountains of Burma s far north Larkin visits the places where

Orwell worked and lived in the places his books live still. She brings to vivid life a country and a people cut off from the rest of the world and from one another by the ruling military junta and its vast network of spies and informers. Using Orwell enables her to show effortlessly the weight of the colonial experience on Burma today, the ghosts of which are invisible and everywhere. More important, she finds that the path she charts leads her to the people who have found ways to somehow resist the soul-crushing effects of life in this most cruel police state. And George Orwell's moral clarity, hatred of injustice, and keen powers of observation serve as the author's compass in another sense too: they are qualities she shares, and they suffuse her book, the keenest and finest reckoning with life in this police state that has yet been written. *Marble's Round the World Travel-guide* Fred Elmer Marble, 1927 **Marble's Round the World Travel-guide, Fully Illustrated, Maps--Itineraries** Fred Elmer Marble, 1927 *All-Asia Travel Guide* , 1995
