

# Thank You Mom

---

You taught me how to walk and talk

And count and cook and read.

Gave me time and love and food

And everything I need.

I don't know how I'll ever pay you back

For everything you've done.

But I'll start with this poem that says

Simply, thank you Mom

Kiki was deeply worried about Julian's immortal soul explaining that he could go to Heaven only if he became a Catholic. When bombs began to fall on Warsaw, Julian's world crumbled. His beloved Kiki returned to her family in Lodz. Julian's stepfather joined the Polish army and the grief-stricken boy was left with the mother whom he hardly knew. Resourceful and determined, his mother did whatever was necessary to provide for herself and her son: she brazenly cut into food lines and befriended Russian officers to get extra rations of food and fuel. But brought up by Kiki to distrust all things Jewish, Julian considered his mother's behavior un-Christian. In the winter of 1940, as conditions worsened, Julian and his mother made a dramatic escape to Hungary on foot through the Carpathian mountains and Julian came to believe that even Jews could go to Heaven.

**Teaching Stories** Judy Logan, 2010-08-10 When nearly everyone else is telling kids no, No, do it this way, No, I don't want to hear what you think, No, sit down and pay attention, Judy Logan says yes to a child's passions, interests, and hopes. The results have been news-making: her students blossom academically, winning essay contests, prizes, and entrance to the country's best colleges. Armed with a strong sense of who they are and what they think, her students also blossom personally, resisting peer pressure, understanding racial and gender stereotypes, and connecting to the world in which they live. Drawing on over thirty years' knee-deep in adolescence as a teacher in a public middle school, Judy Logan shows that it is the very vulnerability of adolescence that makes it a time of tremendous opportunity for emotional, intellectual, and social growth. Uniting creativity and compassion, Logan's vivid classroom stories bring into focus for all parents numerous effective strategies for working with adolescents. Above all, Judy Logan is a compelling storyteller who loves and respects her students and the work of learning. Eye-opening and inspirational, the stories she has to tell take the simple human drama of day-to-day classroom life and create an all-embracing vision of the possibilities of public education in America.
