difficult for him to decide whether or not to include all of the stories and experiences from his own family that he was considering He battled with this because he didn t want to come across as a know it all but the author also knew what had truly worked first hand for them and wanted to share that truth with the world Much of the book has stories from his wife including a foreward from her and from their nine children MEET THE AUTHOR Sheri Franklin has been writing for 27 years blessed with inspirational influence that pours into her pen Sheri is a trained opera singer She will stare at paintings for hours and wonder what a beautiful rock would taste like if she ate it EXCERPT FROM THE BOOK Pilots use a flight plan for every flight they have scheduled However due to weather other planes flying in the area information from traffic control towers and even faulty equipment the pilots must deviate off course much of the time in fact ninety percent of the time However this does not change the original flight plan which they consistently refer to and return to as soon as conditions permit This theme is used throughout the book to show how having a vision in mind with one s family is important but it is also crucial to remember that one must remember that much that life will throw our way will interfere with our goal Dr Covey explores how life has changed in the thirty years prior to when this edition of 7 Habits was published in the 90 s with crime divorce health problems scholastic achievement single family homes teen suicide and sexually transmitted diseases have all increased He gives the 7 Habits and the additional tools in the book as the solution to society s ills and how to protect your family from becoming a victim to them Buy a copy to keep reading Los 7 Hábitos de las Familias Altamente Efectivas Stephen R.
