#### The Apocalypse Trigger:

Triggered Fletcher Wortmann, 2012-03-27 AS FEATURED ON NPR S TALK OF THE NATION Imagine the worst thing in the world Picture it Construct it carefully and deliberately in your mind Be careful not to omit anything Imagine it happening to you to the people you love Imagine the worst thing in the world Now try not to think about it This is what it is like for Fletcher Wortmann In his brilliant memoir the author takes us on an intimate journey across the psychological landscape of OCD known as the doubting disorder as populated by God girls and apocalyptic nightmares Wortmann unflinchingly reveals the elaborate series of psychological rituals he constructs as preventative measures to ward off the end times as well as his learning to cope with intrusive thoughts through Clockwork Orange like trigger therapy But even more than this the author emerges as a preternatural talent as he unfolds a kaleidoscope of culture high and low ranging from his obsessions with David Bowie X Men and Pokemon to an eclectic education shaped by Shakespeare Kierkegaard Catholic mysticism Christian comic books and the collegiate dating scene at the People's Republic of Swarthmore Triggered is a pitch perfect memoir a touching triumphantly funny compulsively readable and ultimately uplifting coming of age tale for Generation Anxiety Fletcher Wortmann on OCD and sex If a girl accepts an invitation to help count the tiles on your bedroom ceiling then she will probably be disappointed when she realizes you were speaking literally on OCD and religion I have found Catholicism and obsessive compulsive disorder to be deeply sympathetic to one another One is a repressive construct founded in existential terror barely restrained by complex arbitrary ritual behaviors the other is an anxiety disorder on OCD humor By the sink I noticed a perfunctory sign warning readers to wash their hands It was scrawled with graffiti NO YOU CAN T GERMS ARE UNPREVENTABLE AND INESCAPABLE on the seductiveness of OCD Every so often everything will work and you will somehow convince yourself that you are safe and the disorder will claim credit I had struck a bargain with the OCD The transaction was complete In that moment I became subservient to it My Cosmic Trigger Matt Vaughn, 2024-07-11 High strangeness denotes happenings so uncanny they are deemed utterly absurd It involves the intersection of multiple paranormal phenomena revealing an eerie undergirding of reality MY COSMIC TRIGGER is a deep dive into the subject covering its history theories and notable researchers analyzing mechanisms behind this cosmic enigma. The author's personal experiences provide a penetrating understanding of the phenomenon by demonstrating how and why extramundane weirdness manifests on a personal level helping people navigate their own synchromystic initiation with a sense of clarity fostering a constructive relationship with odd occurrences not a destabilizing one and enabling readers to successfully pull their own cosmic trigger Narrating Multiplicities in Motion Elena Ogliari, Anna Pasolini, Carla Tempestoso, 2025-11-10 Narrating Multiplicities in Motion brings together a dynamic collection of interdisciplinary essays that explore storytelling as a powerful tool for resisting dominant narratives and imagining equitable futures Grounded in Cultural Studies English and Anglophone Literature and Linguistics the volume examines how narrative practices reframe identity challenge systemic

inequalities and foster interconnectedness between human and more than human beings Through analyses of speculative fiction postcolonial narratives feminist reimaginings and contemporary media contributors investigate how stories reshape our understanding of bodies spaces and subjectivities Whether through the subversive humour of a contemporary TV anti heroine the reconfiguration of colonial pasts in Africanfuturist fiction or the embodied resistance found in post apocalyptic landscapes Narrating Multiplicities in Motion invites readers to engage with storytelling not merely as reflection but as political action In an age marked by crisis and uncertainty it reaffirms narrative as a site of resistance responsibility and Worse Than Global Warming Wave Technology Nina Anderson, 2007-10 There exists today a distinct threat to all of civilization as we know it The unchecked proliferation of electromagnetic technology worldwide can wipe out all that we rely upon Frequency saturation of the precious envelope of air surrounding our planet may today be affecting her stability All our efforts to rectify global warming may be in vain should our new weapons and technology cause a major axis shift to Earth Are the ancient prophecies warning us not to repeat their mistakes Can electromagnetic pulse weapons wipe out our electricity based infrastructure Will we trigger a pole shift Is weather modification technology being used as a weapon Does science consider the long term effects of atmospheric frequency saturation Is global warming a natural occurrence or are we accelerating it The Islamic State and the Muslims of Trinidad and Tobago in the 21st Century Daurius Figueira, 2021-04-11 This work analyses 1 the discursive terrain of the Muslim community Ummah of Trinidad and Tobago from the Jihad of the Jamaat al Muslimeen on July 27th 1990 to 2015 with emphasis on the evolution of militant Islam in this period 2 It deconstructs the discourse of the Islamic State constructed to motivate Muslims of the world especially of the West to migrate to undertake Hijrah to the Islamic State with emphasis on the discursive concepts of the Islamic Apocalypse the Malahim Hijrah and Jihad is War 3 It deconstructs the specific discourse of the Islamic State constituted for the Muslims of Trinidad and Tobago which reveals the importance of the Trinidad and Tobago contingent to the propaganda machinery of the Islamic State 4 It deconstructs the discourse of the survivors which reveals the complex motivational structure that drove Muslims of Trinidad and Tobago to journey to the Islamic State What is revealed is a power relation between the Muslims of Trinidad and Tobago who are a minority group of the population of Trinidad and Tobago the kufr State of Trinidad and Tobago and the discourse of the Islamic State The reality that the Trinidad and Tobago contingent to Islamic State was the largest per capita amongst Muslims that undertook Hijrah to the Islamic State speaks volumes to the susceptibility of the Muslim community to the call of the Islamic State This work deconstructs the underlying reality that ensured the virulence of the discourse of the Islamic State in its impact on Muslims of Trinidad and Tobago Godsent Richard Burton, 2012-10-16 Kate Skylar is an ordinary seventeen year old with an extraordinary destiny A virgin Kate suddenly finds herself pregnant with what she believes is the Son of God But the Catholic Church is convinced Kate is carrying the Antichrist and assisted by an artificial intelligence known as Grand Inquisitor will stop at nothing to kill Ethan

her son Ethan's only protection is Conversatio a secret organization dedicated to the Second Coming which may have its own dark agenda As Ethan grows up in anonymity ignorant of his true identity and not knowing whom to trust he must come to terms with his miraculous abilities and make a fateful choice that will determine the future of all mankind And for Kate an equally difficult struggle looms as well as a mother's devastating choice Godsent is a wild religious thriller a page turner that keeps you guessing until the very last page Burton in his fiction debut crafts a tightly wound narrative with a heart pounding plot and emotional resonance that will ring true to anyone with children of their own all while the fate of humanity hangs in The Complete Red Room Saga C. T. Phipps, Michael Suttkus, 2020-06-21 Now available in a single volume the the balance complete Red Room saga ESOTERRORISM There are no good guys in the world of shadows but maybe some bad men are better than others Derek Hawthorne was born to be an agent of the Red Room Literally Raised in a conspiracy which has protected the world from the supernatural for centuries he s never been anything other than a servant of their agenda Times are changing though and it may not be long before their existence is exposed When a routine mission uncovers the latest plan of the magical terrorist the Wazir Derek finds himself saddled with a new partner Who is the mysterious but deadly Shannon O Reilly What is her agenda Couple this with the discovery the Red Room has a mole seeking to frame Derek for treason and you have a plot which might bring down a millennium old organization Can he stop the Wazir's mission to expose the supernatural And should be ELDRITCH OPS Derek Hawthorne has ascended to become a member of the all powerful Committee which rules the world through the nebulous House The House officially exists to protect humanity from the vampires demons and other forces of darkness that imperil humanity Unofficially it exists to protect its own power When his old partner Christopher Hang turns up as one of the undead Derek is nonplussed to say the least Christopher also has a message that troubles the tiny remains of Derek's conscience the House is running a secret project to not only control supernaturals but eliminate them Now Derek has to figure out if he s to side with the supernatural or humanity or neither Oh and did we mention Dracula pirates and werewolves were involved too THE FALL OF THE HOUSE Derek Hawthorne has slain Dracula and stopped the malevolent plan of his own employers the sinister House However he has discovered that his ex partner and lover Ashley Morgan has been kidnapped while a new conspiracy moves to expose the supernatural to the world The House has overplayed its hand and all of its enemies are coming to bring it down Derek will have to travel dimensions fight monsters and call in every favor he s accumulated just to survive The Fall of the House is the exciting conclusion of the Red Room trilogy tying the series to the greater United States of Monsters universe Bright Falls Mysteries Straight Outta Fangton and Brightblade Sartre, Imagination and Dialectical Reason Austin Hayden Smidt, 2019-06-28 There are perpetual debates about the extent of freedom in politics Are we free to choose Are we overdetermined by our material conditions Some hybrid between the two What is more how are we to comprehend ourselves as creators of history if freedom itself is a problematic concept And what would it mean if self comprehension were foreclosed by this problematic In

this text Austin Hayden Smidt analyzes an oft overlooked text by Jean Paul Sartre in order to ground a logical framework for exploring this paradox In Critique of Dialectical Reason Sartre sought to develop an historical and structural heuristic one that would enable future theorists and activists alike to assess the pressing problems facing the various milieux of capitalist life Through this heuristic his intent was to develop an orientation enabling humans to transform their world in their perpetual creation of themselves and vice versa However the stylistic difficulties of the text as well as a general agreement among previous interpreters has prevented the richness of the investigation from taking root This book sets a new course and invites further collaboration as together we create society as a work of art The Jesus Myth Kyle Weyburne, This book reveals the true story of what was unfolding in the Middle East in the centuries leading up to the emergence of Christianity as accurately as possible It will upset some but that is not my goal The true history of events is always suppressed and this is an attempt to revive the actual story as it occurred as faithfully as possible A long lost prophecy in the Dead Sea Scrolls reveals that Judas Maccabeus was the original Messiah and he did do amazing things including liberating Israel from the oppressive Greeks He gave Israel independence for the first time in 400 years and began a golden period However in the centuries to come the spectre of the Roman army began to manifest The Jews needed hope and so the prophecy was revamped and extended This resulted in a whole swathe of messianic contenders and in the 70 s AD after Rome defeated the Jews in a bloody war a relatively unknown man was extolled as the Messiah The reason why Jesus was chosen He was the most Western of all the contenders he preached tolerance at a time when few Jews would This suited Rome and so in Rome in a foreign tongue his story was written A lot of it was made up I don t say these words lightly I will prove this This book answers many more questions too questions that have vexed us for millennia such as Where is the Garden of Eden What happened to Noah s Ark Who was the first man Who was the Devil The answers will surprise you and they ll challenge everything that you think you know We live in dangerous times when fact is hard to discern from fiction This book offers a glimmer of truth at a time when this is the rarest of commodities **Lion** Douglas Misquita,2019-05-14 The Syrian War has spilt into its sixth year The bloody contest between the Syrian National Army and the Free Syrian Army is confounded by rebel factions terror outfits fundamentalists unscrupulous businesses and a proxy war between the United States and Russia Aslan The Lion Terzi a political prisoner incarcerated at the notorious Tadmor Prison is near suicide when a Daesh commander inexplicably gives him a new lease on life Disillusioned by the depravity of the War he chooses to flee Syria But a chance encounter at the border draws him back for the love of a woman Goldline Solutions is the security contractor of choice for Sheik Akhmed bin Rashid When the disappearance of Goldline client Leonid Rashnikov threatens a lucrative multi billion dollar deal CEO Samuel Goldsmith will put everything on the line to restore the sheikh's confidence Russian FSB agent Illiya Pushkin sanctions an illicit operation in Syria With a vindictive colleague on her trail she finds herself complicit in a crime that propels her into the FSB s most wanted list Five strangers Working on assumptions No elaborate plan No inside

help They will attempt the most audacious supermax prison breakout ever attempted on Russian soil In an imperfect world the singular human instinct of survival is all that matters And there will be a heavy price to pay Planet Ponzi Feierstein B Mitch, Mitch Feierstein, 2012-02-02 As the global economy struggles to avoid meltdown so the greatest Ponzi scheme in history approaches its final death rattle Politicians have stood by and watched the financial industry create a massive overhang of debt a mountain of low quality assets and ultimately an economic disaster which has dwarfed all others The Eurozone crisis and the LIBOR manipulation scandal are just two symptoms of a much broader problem one of vastly excessive debt regulatory failure a culture of deceit on Wall Street and the City of London and governments that have promised their citizens far more than they can deliver Publisher **Superpower** M. Keith Booker, 2010-05-01 Supernatural and superhuman elements have been prominent in American culture from the time of the New England Puritans intense emphasis on religion Superpower surveys the appearance of supernatural and superhuman elements in American culture focusing on the American fascination with narratives involving supernatural adventure superhuman heroes and vast conspiracies driven by supernatural evil In particular M Keith Booker suggests that the popularity of such themes indicates a deep seated dissatisfaction with the rationalized world of contemporary American society Booker details the development of the national myths underlying the characters of Superman Batman and Spiderman television hits from Star Trek to Lost and the franchises of Pirates of the Caribbean and The Lord of the Rings This culture spanning investigation begins with a historical survey of supernatural and superhuman themes in American culture and concludes with the recent upsurge that began in the 1990s It then turns to various works of recent popular culture with supernatural and superhuman themes such as Twin Peaks The X Files and Buffy the Vampire Slaver organized according to the desires to which these works respond What do these fantasies reveal about what it means to be American today and what we want it to mean **CBRNE:** Challenges in the 21st Century Peter D.E. Biggins, Deeph Chana, 2022-11-21 This book addresses the pertinent issues that will need to be considered by those interested in physical security problems of the future Specifically it examines how changes in the accessibility of technology data hardware software are likely to affect both threat and mitigation considerations for Chemical Biological Radiological and Explosive CBRE scenarios and how social science can inform us of the human aspects of each The trend towards an ever more socio technical society and infrastructures encapsulated by concepts such as smart cities is drawn out as a key motivation for adopting more holistic risk approaches to such security problems than is currently the case Japanese Role-Playing Games Rachael Hutchinson, Jérémie Pelletier-Gagnon, 2022-04-11 Japanese Role playing Games Genre Representation and Liminality in the JRPG examines the origins boundaries and transnational effects of the genre addressing significant formal elements as well as narrative themes character construction and player involvement Contributors from Japan Europe North America and Australia employ a variety of theoretical approaches to analyze popular game series and individual titles introducing an English speaking

Rapoport, 2006 Takes a chronological approach to provide a history of modern rebel or non state terror In addition to articles in academic journals the collection includes discussions statements and government documents **Nuclear Weapons and the Environment** John Perry, 2021-03-12 In Nuclear Weapons and the Environment John Perry highlights the environmental damage caused by nuclear device testing The failure of the Nuclear Proliferation Treaty and the continued proliferation of nuclear weapons is a grave risk to not only human life but to the environment Pointing to the unstable political situation between a variety of state and non state actors the remediation of nuclear test sites and the risks involved in the production of nuclear weapons Perry makes a clear case for the dire importance of non **Post-Millennial Cultures of Fear in Literature** Mustafa Kirca, Adelheid Rundholz, 2024-04-19 The words proliferation fear risk and safety have come to define our contemporary age and have been construed as a dynamic background in the human sciences against which most risk narratives imaginative or otherwise can be read This volume brings together original articles to investigate cultures of fear in post millennial works and covers a wide variety of topics ranging from post millennial political fictions post humanist and postcolonial rewritings to trauma narratives risk narratives literary disaster discourses and apocalyptic scenarios Featuring theoretical and analytical approaches with insights borrowed from multiple disciplines this book will be of interest for scholars and researchers working in the fields of literary and cultural studies as well as the general reader Reasons and Intentions Bruno Verbeek, 2016-12-05 There are a number of problems in philosophy that seem to share a similar possible solution Why do promises and contracts bind Why ought citizens and judges obey the law and Can we realize the gains to be made from cooperation All three problems as well as some others share a possible solution in the form of rational internal commitment Reasons and Intentions is a state of the art overview of the relevant positions on the possibility of such commitment including critical ones.
