Modern Age Susan Wise Bauer,2005-11-29 Presents a history of the ancient world from 6000 B C to 400 A D Varieties of Secularism in Asia Nils Ole Bubandt,Martijn Van Beek,2012-03-12 Varieties of Secularism is an ethnographically rich theoretically well informed and intellectually coherent volume which builds off the work of Talal Asad Charles Taylor and others who have engaged the issue of secularism s and in socio political life The volume seeks to examine theories of secularism secularity and examine concrete ethnographic cases in order to further the theoretical discussion Whereas Taylor s magisterial work draws up the conditions and problems of a belief in God in Western modernity it leaves unexplored the challenges posed by the spiritual in modernity outside of the North Atlantic rim This anthology seeks to begin that task It does so by suggesting that the kind of secularity described by Taylor is only one amongst others By attending to the shifting relationship between proper religion and bad faiths between politically valorised and embarrassing spiritual phenomena between the new visibilities and silences of magic ancestors and religion in democratic politics this book seeks to outline the particular formations of secularism that have become possible in Asia from China to Indonesia and from Bahrain to Timor Leste This book will appeal to students and scholars of Asian religion politics and anthropology *The Herald* ,2013 Of Gardens and Graves Suvir Kaul,2017-02-09 In Of Gardens and Graves Suvir Kaul examines the disruption of everyday life in Kashmir in the years following the region s pervasive militarization in 1990 Kaul s autobiographical and analytical essays which were prompted by his yearly visits to Kashmir are a combination of political analysis literary criticism memoir and journalistic observation In them he explores Kashmir s pre and post Partition history the effects of militarization state repression the suspension of civil rights on Kashmiris and the challenge Kashmir represents to the practice of democracy in India The volume also features translations of Kashmiri poetry written in these years of conflict These poems constitute an archive of heightened feelings and desires that affectively interrogate official accounts of Kashmir while telling us much

about those who face extraordinary political turbulence and violence Of Gardens and Graves also contains a photo essay by Javed Dar whose photographs work together with Kaul s essays and the poems to represent the interweaving of ordinary life civic strife and spectacular violence in Kashmir Modi And The World: (Re) Constructing Indian Foreign Policy Sinderpal Singh,2017-02-16 Contrary to prior expectations Narendra Modi has expended a significant amount of time energy and political capital in conducting India s engagement with the outside world since becoming Prime Minister in May 2014 In accordance with wider perceptions about Modi there were expectations of significant if not radical change in Indian foreign policy under his charge This sentiment led to a section of Indian strategists and foreign policy watchers conceiving the notion of a Modi Doctrine in Indian foreign policy This notion of foreign policy doctrines is not new to the analysis of Indian foreign policy Previous incarnations include the Indira Doctrine of the 1970s the Gujral Doctrine for a brief period in the late 1990s and the Manmohan Doctrine in the period before Modi was elected as prime minister This edited volume attempts to interrogate the extent to which Indian foreign policy under Modi has undergone significant change and the extent to which this manifests itself as a new doctrine in Indian foreign policy The individual chapters cover key bilateral relationships the United States China Australia and Pakistan as well as broader regional relationships South Asia and the Indian Ocean Region and specific themes such as economic diplomacy Kashmir as a Borderland Antía Mato Bouzas,2025-10-01 Kashmir as a Borderland The Politics of Space and Belonging across the Line of Control examines the Kashmir dispute from both sides of the Line of Control LoC and within the theoretical frame of border studies It draws on the experiences of those living in these territories such as divided families traders cultural and social activists Kashmir is a borderland that is a context for spatial transformations where the resulting interactions can be read as a process of becoming rather than of being The analysis of this borderland shows how the conflict is manifested in territory in specific locations with a geopolitical meaning evidencing the discrepancy between representation and the living The author puts forward the concept of belonging as a useful category for investigating more inclusive political spaces **Story of Indian Aggressions Against Pakistan** Khalid Ghaznawi,1966
