Cunningham, 2010-08-01 If you really want to have the most successful happy baby shower that will bring tears to the eyes of the person you're throwing it for then this book is definitely for YOU At just 50 pages this book is meant to be a short and easily readable guide that will help you with exactly what you need No need to read over two hundred pages of mumbo jumbo this book cuts all the nonsense and gives you exactly what you need to know to throw the ultimate baby shower Here's a little preview of what is in this book The Hottest Baby Shower Themes all uncovered for you Revealing old standard modern baby shower games for entertaining your cherished attendees While others bore their guests your guests will be laughing and having a good time thanks to the themes and games that you've discovered How to plan a baby shower from the ground up easily and effortlessly Baby shower foods and how to tie themes in with them to amaze your guests Do's and don'ts that can make all of the difference in determining whether a baby shower succeeds or fails miserably While others put together a baby shower that lacks character and uniqueness people will rave about the one you put together for years to come Discover One of the most memorable things about the baby showers Tried tested and sometimes regrettable details that you really need to know in order to create manage and complete a perfect baby shower How to determine when the shower should happen and not happen Traditional or conventional background ideas for determining who should throw the shower Step by step guide on how to manage a baby shower from start to end Tips strategies and suggestions to creating the perfect baby shower How to determine whether to gift registry or not to gift registry Plus much MUCH More **To Baby Showers!** Quick Easy Guide, A Quick Easy Guide G, 2016-05-01 Baby showers are parties thrown for friends that are pregnant This practice has significantly changed over the course of the years and has gradually become more and more elaborate and planned Baby showers can make an expectant mother feel more secure in the fact that her friends are all pulling for her and giving moral and financial support Usually the baby shower is organized by non relatives But today there is isn't abnormal to find family members support group members church friends and pretty much anyone except the expecting mother Inviting the Guests Who should you invite Usually the guest list will only include those nearest and dearest to the expectant mother It wouldn't hurt if she gets a first look at the guest list so that she can suggest who should be invited If you are planning a surprise baby shower you will have to do a little research on who should be attending instead of running the list through the expectant mother If the child is not a firstborn you may opt to keep the number of guests down to the closest to the mother Firstborn baby showers tend to have a larger guest list since it is after all the mother's first time The thing to remember is that the nature of baby

showers is intimacy So for any baby shower party try making the gathering one of intimate friends You could use informal ways to invite these guests email phone and others Invitation cards and other letters are the best way however as they provide a tangible traceable evidence of invitation Plus it is the most sure and formal way to invite a person and in many cultures the only way What About the Guys The nature of the party is probably going to tend towards the feminine side if the organizers of the party have a provision for this then inviting men would be fine It also depends on the men since the party may dwell on topics such as pregnancy children and other motherly topics they might not be that excited to join All in all it depends on the preference of the organizers Venue Anywhere As long as it can keep with the placid and fun nature of the occasion any place would be fine The more usual places on baby shower lists are backyards formal halls restaurants and basically any room that has the amenities to make a baby shower successful Just make sure the venue is not crowded and stressful to the mother to be It also pays to make sure the venue is set long before the actual baby shower happens When to Throw a Baby Shower Usually this is one or two months before her due The baby shower is the perfect time to get your friend baby needs and stuff she may not have had time to purchase yet It has to be well timed though not too close to the due date and not too far as to whittle down the excitement Baby showers are a pleasant surprise to expecting mothers It takes a lot of the stress of expecting a child off of their minds and provides a means for friends to show support and concern and of course baby gifts to expecting friends A properly coordinated baby shower will be greatly appreciated and forever remembered by mothers long after they have delivered their children
