writers compilers translators commentators and copyists Mallette tells a complex story about the transmission of knowledge in the period before the emergence of a national language system in the late Middle Ages and early modernity Mallette shows how the elite languages of learning and culture were only tenuously related to the languages of everyday life These languages took years of study to master marking the passage from intellectual childhood to maturity In a coda to the book Mallette speculates on the afterlife of cosmopolitan languages in the twenty first century the perils of monolingualism and the ethics of language choice The book offers insight for anyone interested in rethinking linguistic and literary tradition the transmission of ideas and cultural expression in an increasingly multilingual world
