The Artemis Connection David Di Paolo, Diane Frossard, 2014-11-14 She doesn't believe in ghosts She doesn't believe in witches or curses or spells The doctor doesn't believe in anything that science can't explain but Diana Valleverde is about to learn that knowledge is an evolving proposition Her research into brain function is uncovering secrets within the mind but none like the one kept hidden from her since before she was born When her brother a curator at the university museum gives her a family keepsake from their recently deceased grandmother Diana begins a journey that will take her from Pennsylvania to Milan and the Italian Alps to discover what lies hidden inside and what has caused her recent affliction by what she knows must be sleep paralysis attacks a frightening condition in which she awakens unable to move or cry out with the overwhelming sense something unseen is suffocating her There must be a medical explanation for these attacks There must be Right Paul, Artemis, and the Jews in Ephesus Rick Strelan, 2014-10-27 No detailed description available for Paul Artemis and the Jews in Ephesus *Cybele, Attis and Related Cults* Eugene N. Lane, 2015-08-27 This volume brings together articles on the cult of the mother goddess Cybele and her consort Attis from the emergence of the religion in Anatolia through its expansion into Greece and Italy to the latest times of the Roman Empire and its farthest extent west the Iberian Peninsula It combines the work of established scholars with that of young researchers in the field and represents a truly international perspective The reader will find treatment inter alia of Cybele's emasculated priests the Galli the dissemination of Cybele cult through the harbour city Miletus the cult of Cybele in Ephesus the rock cut sanctuary of Cybele at Akrai in Sicily the competition between the Cybele cult and Christianity and the role of Attis in Neo Platonic philosophy **Ritual, Women, and Philippi** Jason T. Lamoreaux, 2013-10-30 As one surveys the scholarship on the canonical letter to the Philippians one notices the lack of attention to women within many scholars' analyses To a certain extent this lack of attention exists because ancient texts often leave out information about women Using ritual studies archaeology and textual evidence this work brings life to the ritual lives of ancient Philippian women in their own cultural context The discipline of ritual studies provides new questions that shed more specific light on the lives of women in this fledgling Jesus group Therefore ritual studies brings clarity to early Philippian women's reception of the letter Furthermore this ritual background helps modern readers visualize a more diverse community of Jesus followers in Philippi and provides a clearer picture of the struggles this nascent Jesus community was experiencing **Studies in the Reception of Pindar in Ptolemaic Poetry** Alexandros Kampakoglou, 2019-08-05 Recent years have witnessed a revival of interest in the influence of archaic lyric poetry on Hellenistic poets However no study has yet examined the reception of Pindar the most prominent of the lyric poets in the poetry of this period This monograph is the first book to offer a systematic examination of the evidence for the reception of Pindar in the works of Callimachus of Cyrene Theocritus of Syracuse Apollonius of Rhodes and Posidippus of Pella Through a series of case studies it argues that Pindaric poetry exercised a considerable influence on a variety of Hellenistic genres

epinician elegies and epigrams hymns encomia and epic poetry For the poets active at the courts of the first three Ptolemies Pindar s poetry represented praise discourse in its most successful configuration Imitating aspects of it they lent their support to the ideological apparatus of Greco Egyptian kingship shaped the literary profile of Pindar for future generations of readers and defined their own role and place in Greek literary history The discussion offered in this book suggests new insights into aspects of literary tradition Ptolemaic patronage and Hellenistic poetics placing Pindar s work at the very heart of an intricate nexus of political and poetic correspondences *The Argonautika by Orpheus* Alexandra Maria Madela,2024-12-02 Is it possible to be better than Homer For most literary critics in late antiquity the answer was an unequivocal no but the anonymous author of the Argonautika by Orpheus disagreed This book the first English monograph on this late antique epic poem demonstrates that the idea of competing with Homer is central to the Argonautika by Orpheus Through a series of case studies on the poem s diction and compositional technique it proposes a novel approach Since the mythological bard Orpheus is ostensibly the poem s author readers are invited to view it from two perspectives simultaneously as a late antique epic modelled on Homer s works but also a prehistorical model for Homer s works

Corradino,2025-03-06 A focused study of an ancient myth and its reception which provokes new consideration of how myth in general can challenge social norms Analyzing the visual and literary transformations of the myth of Endymion and Selene Anna Chiara Corradino argues that this myth becomes a valuable tool for understanding the cultural problematization and censorship of female sexuality as well as the marginalization of alternative forms of male sexuality The myth's key themes of dominant femininity reified masculinity and female necrophilia are shaped through the centuries from the core story of Selene the goddess of the Moon falling in love with a mortal shepherd Endymion and granting him eternal sleep so she can kiss him every night In five core sections focusing on the archaeology of the myth in the ancient world the art of the Renaissance to Baroque periods and modern art and film Corradino traces the way the relationship between the two lovers embodies the taboo topic of the eroticization of the sleeping and or dead male body and the suppressed desire of female domination and dominance This research breaks new ground by displaying how these marginal desires have always
