Charles Moore, 2016-01-05 One of the masterpieces of British political history The New York Times boasts unprecedented access to Thatcher colleagues friends family and all her government and private papers and offers a groundbreaking and essential portrait of a titanic figure with all her capabilities and flaw during the years of her greatest power In June 1983 Margaret Thatcher won the biggest increase in a government's parliamentary majority in British

electoral history and proceeded to transform relations with Europe prioritize British industry and reinvigorate the economy For the only time since Churchill Britain had a central place in dealings between the superpowers But even at her zenith Thatcher was beset by difficulties She regularly faced calls for resignation grew isolated in her own government butted heads with the Queen bullied her senior colleagues and was deceived by her closest ally Ronald Reagan during the U S invasion of Grenada Thatcher storms from these pages as from no other book *Margaret Thatcher* Charles Moore, 2015-10-06 In June 1983 Margaret Thatcher won the biggest increase in a government's Parliamentary majority in British electoral history Over the next four years as Charles Moore relates in this central volume of his uniquely authoritative biography Britain's first woman prime minister changed the course of her country's history and that of the world often by sheer force of will The book reveals as never before how she faced down the Miners Strike transformed relations with Europe privatized the commanding heights of British industry and continued the reinvigoration of the British economy It describes her role on the world stage with dramatic immediacy identifying Mikhail Gorbachev as a man to do business with before he became leader of the Soviet Union and then persistently pushing him and Ronald Reagan her great ideological soulmate to order world affairs according to her vision For the only time since Churchill she ensured that Britain had a central place in dealings between the superpowers But even at her zenith she was beset by difficulties The beloved Reagan twice timed her during the US invasion of Grenada She lost the minister to whom she was personally closest to scandal and almost had to resign as a result of the Westland affair She found herself isolated within her own government over Europe She was at odds with the Queen over the Commonwealth and South Africa She bullied senior colleagues and she set in motion the poll tax Both these last would later return to wound her fatally In all this Charles Moore has had unprecedented access to all Mrs Thatcher's private and government papers The participants in the events described have been so frank in interview that we feel we are eavesdropping on their conversations as they pass We look over Mrs Thatcher's shoulder as she vigorously annotates documents so seeing her views on many particular issues in detail and we understand for the first time how closely she relied on a handful of trusted advisors to help shape her views and carry out her will We see her as a public performer an often anxious mother a workaholic and the first woman in western democratic history who truly came to dominate her country in her time In the early hours of 12 October 1984 during the Conservative party conference in Brighton the IRA attempted to assassinate her She carried on within hours to give her leader's speech at the conference and later went on to sign the Anglo Irish agreement One of her many left wing critics watching her that day said I don't approve of her as Prime Minister but by God she's a great tank commander This titanic figure with all her capacities and all her flaws storms from these pages as from no other book **The BBC National Short Story Award 2015** Hilary Mantel, Jonathan Buckley, Mark Haddon, Frances Leviston, Jeremy Page, 2015-09-17 I often ask myself what makes a story work wrote the great American author Flannery O'Connor I have decided that it is probably some action some gesture of a character which is both totally

right and totally unexpected one that is both in character and beyond character The five stories shortlisted for this year's BBC National Short Story Award with Book Trust all feature people making just such gestures acting in ways that reach beyond themselves a woman takes refuge from a disastrous relationship by caring for a morbidly obese man parents of a missing girl desperately resort to the services of a woman whose talents they barely credit a middle class resident of a leafy corner of Windsor finds herself caught at a crossroads in history a young man attempts to impress his girlfriend's unconventional parents to excruciating comic effect and a young woman attempts to stitch together her own approach to life in the face of love In each case we see an individual endeavouring to stand up to make a difference to be part of something bigger Now in its tenth year the BBC National Short Story Award has witnessed a decade of revival for the form and the stories on this list show just what fine fettle it's in The shortlist was selected by crime writer Ian Rankin novelist Tash Aw previous winner Sarah Hall BBC Books Editor Di Speirs and former BBC correspondent and journalist Allan Little who chaired the panel and introduces this collection
