The Arabs A Short History:

The Arabs Philip Khuri Hitti,1996-10-01 From the ancient cultures of the Middle East have sprung three of the world's major religions outstanding accomplishments in literature and science and seemingly never ending conflict compounded now not only by geopolitics but by the international hunger for oil and the web of global terrorism But who are the Arabs these remarkable people who have accomplished so much and who continue to both fascinate and confront the West Philip K Hitti's eloquent short history is an acknowledged classic offering the best and quickest grasp of Arab history and culture Now with a new introduction by renowned MIT historian Philip Khoury

The Arabs, a Short History Heinz Halm,1949

A Short History of the Arabs Francesco Gabrieli,1965

The Arabs Heinz Halm,2007 The history of Arabia is inextricably tied to the history of Islam The Prophet Muhammad came from Arabia and the most important religious centers for Muslims are located in the Arab cities of Mecca and Medina However Arabs already had a history reaching back over one and a half millennia when Muhammad entered the stage Since the ninth century B C E they had been an integral force in determining the fate of the Middle East establishing themselves as a major power in the seventh century C E and with the rise of the caliphate expanding the borders of the Arab world far beyond the Middle East into North Africa and Spain and even into France Since that time Arab history has been intimately connected with European history Medieval European arts and sciences would have been unthinkable without the brilliant culture of the Arab empire Only in the modern era has this relationship been marked by a growing European hegemony which continues to encumber relations between the West and the Arab world to the present day In this volume Heinz Halm offers a compact and comprehensible overview of the history and culture of the Arabs from the first references in the inscriptions of Assyrian kings to the most recent developments of contemporary Arab nations

Arab Dress, A Short History Norman Stillman,2022-06-08 This richly illustrated volume is a historical and ethnographic study of one important aspect of Arab and Islamic material culture clothing While in part descriptive its principal focus is on the evolution and transformations of modes of dress over the past 1400 years throughout the Middle East North Africa and for the Middle Ages Islamic Spain Arab clothing is treated as part of an Islamic vestimentary system and is discussed within the context of the social religious esthetic and political trends of each age In addition to the five historical chapters three chapters are devoted to major themes of Arab costume history the dress code for non Muslims the important socio economic and political institution of luxury fabrics and garments of honor and the most well known and frequently misunderstood institution of veiling

A Short History of Medicine Erwin H. Ackerknecht,Lisa Haushofer.,2016-04-29 Erwin H Ackerknecht's A Short History of Medicine is a concise narrative long appreciated by students in the history of medicine medical students historians and medical professionals as well as all those seeking to understand the history of medicine Covering the broad sweep of discoveries from parasitic worms to bacilli and x rays and highlighting physicians and scientists from Hippocrates and Galen to Pasteur Koch and Roentgen Ackerknecht

narrates Western and Eastern civilization's work at identifying and curing disease. He follows these discoveries from the library to the bedside hospital and laboratory illuminating how basic biological sciences interacted with clinical practice over time. But his story is more than one of laudable scientific and therapeutic achievement. Ackerknecht also points toward the social, ecological, economic, and political conditions that shape the incidence of disease. Improvements in health, Ackerknecht argues, depend on more than laboratory knowledge; they also require that we improve the lives of ordinary men and women by altering social conditions such as poverty and hunger. This revised and expanded edition includes a new foreword and concluding biographical essay by Charles E. Rosenberg, Ackerknecht's former student and a distinguished historian of medicine. A new bibliographic essay by Lisa Haushofer explores recent scholarship in the history of medicine. Charles E. Rosenberg, Harvard University author of *Our Present Complaint: American Medicine Then and Now*. **A Short History of the Fatimid Khalifate** De Lacy O'Leary, 1923 **A Short History of Physics** Harry Fawcett Buckley, 1927 *A Short History of the Arab Peoples* Sir John Bagot Glubb, 1988 An abridged history gleaned from years of military service as Commander of the Arab legion **A Short History of the Saracens** Syed Ameer Ali, 1899 Saracen was a name employed by medieval writers to describe the Muslims of Syria and Palestine and the Arab rulers of North Africa generally, especially those conquerors of Spain and Sicily and the invaders of France. Later the name was applied to all those peoples against whom the crusades were preached and it is with these events that the term Saracen is most popularly connected. Saladin, proclaimed sultan in 1174, was the most prominent leader of this period and in many ways he can be said to typify the Saracenic qualities: courage, wisdom, magnanimity. However, the crusader period covered but a small part of Saracen history which indeed can be said to extend from pre-Islamic Arabia. Spain itself saw eight centuries of Saracen rule. In *A Short History of the Saracens*, Ameer Ali examines every aspect of these extraordinary people. Few writers in the decades since this work was first published in 1899 have presented a more complete account. For this reason, both historians and students of the period will welcome its republication. **A Short History of Islamic Egypt from the Arab Conquest to Mohammed Ali** Walter N. Birks, 1951 *A Short History of the Middle East* George E. Kirk, 2016-11-10 This book first published in 1948 grew out of a series of lectures delivered since the War at the Middle East Centre for Arab Studies to British students who required a solid grounding in Middle East history and politics to assist in fitting them for active careers in the region. These lectures by a leading specialist on Middle Eastern history generated such interest that they were adapted and published in book form for a wider reading public. The book forms a comprehensive introduction to the history of the Middle East. **A Short History of the Saracens; Being a Concise Account of the Rise and Decline of the Saracenic Power and of the Economic, Social and Intellectual Development of the Arab Nation from the Earliest Times to the Destruction of Bagdad, and the Expulsion of the Moors from Spain ...** Syed Ameer Ali, 1927 *The History of Arab - Jewish Conflict* Dr. P. J. Vincent, 2019-11-22 The emergence of the modern Zionist Movement was driven by the search for a homeland in

Palestine for the stateless and persecuted Jewish People The organized migration and settlement of Jewish people under the banner of the World Zionist Organization trampled the fundamental rights of Palestine People and continuously rejected their statehood The rejectionist policy practiced by Zionists and the State of Israel explains the persistence of the Palestine question This book devotes to examine the historical origin and evolution of Arab Israeli conflict from 1881 the year of first Aliya to the creation of the state of Israel in 1948 It investigates socio political and cultural aspects of the conflict with an emphasis on the historical factors The book offers a comprehensive and comprehensible analysis of the History of Palestine
