Tito Boeri, Jan van Ours

Ssscheme Of Work 3rd Term Economics:

Working Schemes? Phillip J O'Connell, Frances McGinnity, 2019-05-23 Published in 1997 this book is an examination of the Irish experience with active labour market policy This text looks at training in comparison with employment programmes and examines this in the context of strong and weak market orientation The study is based on a survey which is used to analyze the effect of programme participation on short and long term employment prospects and on income The results show that market orientation is a significant factor in employment scheme success a factor that has not been taken into account in recent policy changes The book also points out the applications of this sort of study in other European countries

Elements of Pure Economics Léon Walras, 2013-10-16 Elements of Pure Economics was one of the most influential works in the history of economics and the single most important contribution to the marginal revolution Walras theory of general equilibrium remains one of the cornerstones of economic theory more than 100 years after it was first published
