St Mawr English Edition:

St Mawr and Other Stories D. H. Lawrence, 1983 *St Mawr and Other Stories* is newly edited from Lawrence's original manuscripts and typescripts

St. Mawr Lawrence D.H., David Herbert Lawrence 1885-1930 was an English novelist, poet, playwright and literary critic, one of the key writers of the early twentieth century, most famous for his criticism of rationalism and industrialization. *St Mawr* is a short novel about Lou Witt who abandons her sterile marriage and leaves England. Her sense of alienation is associated with her encounter with a high-spirited stallion, the St Mawr. She settles in a remote ranch set high in the mountains of New Mexico.

St Mawr and Other Stories D. H. Lawrence, 1983-05-05 *St Mawr and Other Stories* consists of the long novella *St Mawr*, two short stories *The Overtone* and *The Princess*, and two unfinished stories *The Wilful Woman* and *The Flying Fish*, all written during D. H. Lawrence's stay on the American continent between 1922 and 1925. The texts are newly edited from Lawrence's original manuscripts and typescripts, eliminating mistranscriptions and unauthorised alterations made by publishers and printers for reasons of housestyling, fear of prosecution, or moral censoriousness. In some cases, whole lines of text which have been omitted in the first and subsequent editions have been restored. The textual apparatus records all variants. The introduction uses unpublished material to trace the genesis and reception of each work. The notes give the translation of foreign words, the explanation of classical, biblical, literary, and historical references, and the reasoning behind some of the more involved textual cruces.

D.H. Lawrence's Australia David Game, 2016-03-09 The first full-length account of D. H. Lawrence's rich engagement with a country he found both fascinating and frustrating. D. H. Lawrence's *Australia* focuses on the philosophical, anthropological, and literary influences that informed the utopian and regenerative visions that characterise so much of Lawrence's work. David Game gives particular attention to the four novels and one novella published between 1920 and 1925, what Game calls Lawrence's Australian period, shedding new light on Lawrence's attitudes towards Australia in general and more specifically towards Australian Aborigines, women, and colonialism. He revisits key aspects of Lawrence's development as a novelist and thinker, including the influence of Darwin, and Lawrence's rejection of eugenics, Christianity, psychoanalysis, and science. While Game concentrates on the Australian novels such as *Kangaroo* and *The Boy in the Bush*, he also uncovers the Australian elements in a range of other works, including Lawrence's last novel *Lady Chatterley's Lover*. Lawrence lived in Australia for just three months, but as Game shows, it played a significant role in his quest for a way of life that would enable regeneration of the individual in the face of what Lawrence saw as the moral collapse of modern industrial civilisation after the outbreak of World War I.

D. H. Lawrence's Australia Dr David Game, 2015-08-28 In this first full-length account of D. H. Lawrence's rich engagement with a country he found both fascinating and frustrating, Game examines how Australia informed the utopian and regenerative visions that characterize so much of Lawrence's work. He sheds new light on

Lawrence's attitudes towards Australian Aborigines, women and colonialism and revisits key aspects of Lawrence's development as a novelist and thinker **The American Lawrence** Lee M. Jenkins, 2021-01-18 Reassessing Lawrence's relationship to American modernism and his American literary contemporaries Jenkins offers new insights into the literary exchange between America and Europe The Dialect of the Tribe Margery Sabin, 1987 This wide-ranging work reveals how the ambiguous cultural positions of four great modern novelists James Lawrence, Joyce and Beckett become a major source of their strength **The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950** George Watson, I. R. Willison, 1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature. The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis, articulation and coordination that it has been retained in all its essentials for the new edition. The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re-shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries D.H. Lawrence and the Great War Jae-kyung Koh, 2007 This study focuses on the work of D. H. Lawrence 1885-1930. One of the few major English writers to come from an industrial working-class background, Lawrence contributed to the development of all the major literary genres, bringing to them a fresh perspective and a willingness to experiment radically with form. His brief but productive literary career largely coincided with the crisis years of the Great War and its aftermath, and his creative engagement with contemporary events is reflected in a body of work which conveys vividly and powerfully the experience of the time. Lawrence's diagnosis of his own time was informed by the radical ideas which arose in the intellectual ferment of the first decades of the twentieth century: ideas about mind and consciousness, relationships and sexuality, community and history. In his fiction the Great War is set in a long historical perspective, drawing in particular on Nietzsche's analysis of the origins of European nihilism. This study focuses on Lawrence's prose fiction and essays in particular, which explore the polymorphous effects of social, political, psychological and historical forces on the War. His treatment of the profound forces which have shaped European history and his sense that contemporary conditions are capable of creating sharply contrasting futures point forward to Michel Foucault's paradoxical vision of historical development *A Bibliography of D. H. Lawrence* Warren Roberts, Paul Poplawski, 2001-04-19 This pre-eminent bibliography for D. H. Lawrence was extensively revised, updated and expanded by Paul Poplawski for publication in 2001 **Richard Aldington** Norman T. Gates, 2010-11 In the most comprehensive selection of his letters ever published, Norman Gates allows Richard Aldington to tell the story of his life in his own words. Unlike Aldington's autobiography *Life for Life's Sake*, published twenty years before his death, these letters include those two important decades of his life and do not depend upon memory. Gates provides an introduction to each of the book's five sections, sketching Aldington's biography during that decade, but the reader may then listen to Aldington's own voice.

speaking through his letters Richard Aldington was married to the American poet H D and was a friend to many other writers and artists at the center of the Modern period His comments on his colleagues and their work his efforts to promote their literary fortunes his passionate love for two wives and two mistresses are all a part of these letters So too are his experiences on the editorial staffs of the Egoist and the Criterion which brought him to touch with European and American writers For a clear picture of the literary world of this time Aldington s letters are indispensable **The Literary Criticism of F. R.**
