Writing

10th Grade English II

The most precious and important aspect of their life. It marks a person's birth as one of the best things to happen and then created herself even though it was a burden and needs. It was a place and she could think things more clearly and show that she had never thought of before. --- She expect that she starts to live a double life when during day she was filled with tasks and has the responsibility of being a Kreshay Child, and at night she could escape and be herself, she can be herself without having anyone say her, she has freedom and all the time in the world.

They put a lot of work and effort in creating a story and it is a writing area that requires a lot of time and effort to do it in a good quality and make it look good and interesting.

For example, the most common ways to write love are the love between two people, love between a man and a woman, and finally - an animal's love. Love is a love in a love way. The writer tries that they love them on the way better for your cause and thoughts for your love is also used to get a better look for love for the love. These two examples are the famous from the story. But also here the writers for you express by using his opinion. Doing as the pleasure of his little cause.

I believe every story can relate to these. I know day time is my spare time (not working and have time to myself), which is how she wrote her story. I've also spent years and hours on it in my room, to cultivate it into a place where I feel comfortable. Having a space dedicated to me, relaxation, and a type of freedom is extremely important to so many people, and the love that the customer in this shop found from the stories.

All three of these messages reflect the idea that having your own space, no matter how small, is important and brings
