Staffing Organizations Herbert Gerhard Heneman, Tim Judge, 2003 Heneman and Judge's book is based on a comprehensive staffing model. The model has been revised somewhat in this edition to reflect the growing importance of staffing strategy and to incorporate retention management into the staffing domain. Components of the model include staffing models and strategy, staffing support systems, legal compliance, planning, job analysis, core staffing systems, recruitment, selection, employment, and staffing system and retention management. The author addresses the significant changes the Affordable Care Act (ACA) makes to the healthcare industry, including provisions relating to taxation and compliance, the development of accountable care organizations, and new privacy rules under HIPAA. This updated edition includes the following new material: An extensive discussion of the major changes occasioned by the ACA. The antitrust decision *Federal Trade Commission v. Phoebe Putney Health System*. Quality issues related to accountable care organizations and The Joint Commission's accreditation standards. The ACA's Shared Savings Program and its effect on further hospital/physician alignment and physician employment. The Foreign Corrupt Practices Act. Important points are highlighted in each chapter through objectives, summaries, discussion questions, and case excerpts. Definitions of key terms in each chapter's margins complement a full glossary at the end of the book.
