## Tips

- Test fast fade! Take two steps away from a mirror. Makeup is too dark? Add a layer of translucent powder. Makeup not dark enough? Add more. Make changes and check again!
- Give yourself ample time to apply your makeup during rehearsal and before a show. Placement is important, so don't rush.
- Always blend the shadow and the highlight in opposite directions to avoid looking muddy.
- If you sweat, always do so before applying makeup.
- Be gentle and kind to your skin when applying or removing makeup. Your body is your instrument, take care of it!
- Baby wipes or baby dampers can be used to remove makeup or clean brushes in between full cleanings.
- A gentle dish soap can clean your brushes, ensure that they are dry before storing.

## Safety

- NEVER share makeup, especially eye products.
- Keep your applicators and brushes clean after each use.
- Only use products on your eyes that are made for eyes. Do not use anything with heavy or harsh pigments, glitter or large particles.
- Thoroughly clean any brush or applicator that has been used on another part of your face before using it on or near your eyes.
- Throw out any makeup that is old, dried out, separated or that has a foul or strange odor.
- Do not add liquid (especially saliva) to products if they become dried out or thick.
- Store your makeup in a cool, dry environment, and keep out of the sun and heat. (i.e. not your car trunk).
- Always do a small test patch of liquid latex on the skin before use. If the skin becomes red, swollen and/or irritated, just gently remove the latex, wash with soap and water, and discontinue use. If you do notice a reaction, please keep this in mind: a great-looking costume just isn't worth the potentially damaging effects it can have on your body.
