Electrical Record and Buyer's Reference, 1916 Life at the Kiowa, Comanche, and Wichita Agency Kristina L. Southwell, John R. Lovett, 2014-10-22 Anadarko Oklahoma bills itself today as the Indian Capital of the Nation but it was a drowsy frontier village when budding photographer Annette Ross Hume arrived in 1890 Home to a federal agency charged with serving the many American Indian tribes in the area the town burgeoned when the U S government auctioned off building lots at the turn of the twentieth century Hume faithfully documented its explosive growth and the American Indians she encountered Her extraordinary photographs are collected here for the first time In their introduction authors Kristina L. Southwell and John R. Lovett provide an illuminating biography of Hume focusing on her life in Anadarko and the development of her photographic skills Born in 1858 in Perrysburg Ohio Hume moved to Oklahoma Territory with her husband after he accepted an appointment as physician for the Kiowa Comanche and Wichita Agency She soon acquired a camera and began documenting daily life Her portraits of everyday life are unforgettable images of Indian mothers with babies in cradleboards tribal elders including Comanche chief Quanah Parker conducting council meetings families receiving their issue of beef from the government agent and men and women engaging in the popular pastime of gambling In 1927 historian Edward Everett Dale on behalf of the University of Oklahoma purchased Hume's original glass plates for the university's newly launched Western History Collections The Annette Ross Hume collection has been a favorite of researchers for many years Now this elegant volume makes Hume's photographs more widely accessible allowing a unique glimpse into a truly diverse American West **Adair County Missouri Fishing & Floating Guide Book** Jim Maccracken, 2016-12-29 Adair County Missouri Fishing Floating Guide Book Over 600 full 8 x 11 sized pages of information with maps and aerial photographs available Fishing information is included for ALL of the county's public ponds and lakes listing types of fish for each pond or lake average sizes and exact locations with GPS coordinates and directions Also included is fishing information for most of the streams and rivers including access points and public areas with road contact and crossing points and also includes fish types and average sizes NEW NEW Now with a complete set of 11 full sized U S G S

Bretney, Gordon Hull, Jo Anne Van Tilburg, 2012-12-31 Recipient of the Jo Anne Stolaroff Cotsen Prize The product of ten years of fieldwork at Little Lake Ranch in the Rose Valley the southern gateway to the Owens Valley this book presents the results of intensive rock art analyses carried out by the interdisciplinary research team of the UCLA Rock Art Archive The research attempts to establish a connective web of associations to break down traditional but artificial barriers between rock art and the rest of archaeology Through time honored methods of stylistic analysis the focus is on recent breakthroughs in the analysis of meaning and religion in the context of landscape attributes and ecological opportunities Regional or ethnic differences suggested by the rock art record has made it possible to create a flexible analytical framework containing previously unpublished or overlooked archaeological excavation and object data This book describes the occurrence concentration distribution and formal variation of pecked and painted motifs Scratched pecked and painted patterns are analyzed separately Full color illustrations throughout enhance the physical appeal of this beautiful book American Printer ,2008 **Beyond Black Hawk Down** Jonathan Carroll, 2025-06-24 The story of Black Hawk Down is a familiar one On 3 October 1993 two Black Hawk helicopters were shot down and in the ensuing Battle of Mogadishu eighteen Americans and hundreds of Somalis were killed But very few appreciate that this was just one day in a two and a half year operation the most ambitious attempt in history to rebuild a nation The United States sought to show the world that the UN could rebuild a country but in a dire foreshadowing of the failed efforts in Iraq and Afghanistan a decade later the intervention in Somalia was plagued with political infighting policy mismatch confusion and fatal assumptions In 1992 Somalia saw the largest ever deployment of American troops to the continent of Africa and 1993 brought the first UN led peace enforcement mission and the most ambitious experiment in nation building In Beyond Black Hawk Down Jonathan Carroll provides the first scholarly military history of the entire intervention from its early and largely successful humanitarian phase in 1992 to the ultimate withdrawal of UN forces in 1995 Carroll dispels the myths and misunderstandings surrounding one of the most infamous episodes of the 1990s to present a new interpretation of events most notably by including the Somali perspective to argue what went so wrong in Somalia and more importantly why Understanding the intervention in Somalia its successes and the roots of its failures is invaluable to contemporary debates on concepts of nation building and counterinsurgency Moreover the increasing regularity of interstate and intrastate conflicts across the world means the international community will continue to be called upon to intervene in other failed or failing states in the future Beyond Black Hawk Down is an important new history that will
