Stalingrad Michael K. Jones, 2010-03-10 The acclaimed historian offers a radical reinterpretation of the WWII Battle of Stalingrad using eyewitness accounts and newly uncovered archival material In this revelatory work of military history Michael Jones provides fresh insight into the thinking of the Russian command and the mood of ordinary soldiers The Russian 62nd Army began the campaign in utter demoralization yet turned the tables on the powerful German 6th Army Jones explains this extraordinary performance using battle psychology emphasizing the vital role of leadership morale and motivation in a triumph that turned the course of the war Soviet Colonel General Anatoly Mereshko fought throughout the battle as staff officer to the commander Chuikov Much of the testimony he provides to Jones is entirely new and will astonish

a western audience It is backed up by accounts of other key veterans as well as recently released war diary and combat journals This new material shows that the standard narrative of the battle disguises how desperate the plight of the defenders really was In place of those oft repeated stories is a far more terrifying reality one that reveals the Battle of Stalingrad as not only a victory of tactics but also an astounding triumph of the human spirit Weird War Two: Strange Facts and Tales from the World's Weirdest Conflict M. J. Trow, Richard Denham, 2020-08-13 Welcome to the wonderfully weird World War Two The Second World War is the bloodiest on record It was the first total war in history when civilians men women and children were in the front line as never before With so many millions involved the rumour machine went into overdrive tall stories built on fear of the unknown With so much at stake boffins battled with each other to build ever more bizarre weapons to out gun the enemy Nazi Germany alone had so many government orchestrated foibles that they would be funny if they were not so tragic Parachuting sheep Pilot pigeons Rifles that fire round corners Men who never were You will find them all in these pages the weird wonderful and barely believable of World War Two **The Ultimate World War Two Trivia Book: Unbelievable Facts, Extraordinary Accounts and Tall Tales from the Second World War** M. T. Wallenda, 2025-01-13 In the midst of the inhuman and brutal battle for Stalingrad German and Russian snipers roam the ruins like angels of death spreading fear and terror Katja Kalikova lost her husband to German bombs and her youngest son Boris to a Soviet bullet Since then she and her 8 year old son Grisha have been fighting for their daily survival Major Erwin Koenig is an officer in the Wehrmacht and was stationed in Stalingrad When his son Rolf is also sent to Stalingrad and

falls victim to Russian snipers Koenig has only one goal left To avenge his son s death the former sniper instructor sets his sights on living Russian sniper legend Vasily Saizew Koenig blazes a bloody trail through dying Stalingrad quickly turning from hunter to hunted When Katja and Major Koenig s paths fatefully cross they make a pact to defeat Saizew The fate of the soldiers fighting in Stalingrad as well as that of the Russian civilians forced to remain in the city is portrayed bleakly coldly and without pathos A few exemplary original photos from the Second World War and accompanying drawings illustrate the Battle of Stalingrad and the legendary sniper duel between Saizew and Koenig Stalingrad V.E Tarrant,1992-11-01 By November 1942 the empire of Adolf Hitler had reached its zenith It stretched from North Africa to the Arctic from the English Channel to Stalingrad deep inside the Russian interior The German Army seemed invincible but then in a matter of only five days from 19th to 23rd November 1942 the seemingly impossible happened During a massive Russian counter offensive involving over a million men 1 560 tanks 16 261 field guns and mortars and 1 327 aircraft not only were two Rumanian armies wiped off the Axis order of battle but more decisively the crack German 6th Army under the command of General Friedrich Paulus was encircled at Stalingrad Despite being cut off from the remainder of the Eastern Front in a huge cauldron Der Kessel the 269 000 troops of the 6th army continued to resist against impossible odds for 72 blood soaked days Devoid of adequate winter clothing enduring temperatures of minus 35 degrees centigrade on a bare blizzard swept steppe with nothing to eat but scraps of bread and watery soup the doomed army suffered an infinity of agonies including frostbite dysentery and typhus While they slowly froze and starved to death they were constantly pounded by Russian artillery and bomber sorties When the 6th Army finally surrendered on 2nd February 1943 only 91 000 of the original force remained alive to be herded into Siberian prison camps Surrendering to the Russians however proved to be only an alternative way of dying for only 5 000 survived the captivity to see Germany again The author has drawn on German and Russian sources to write this commemoration of the battle which broke the back of the Germany Army and turned the tide of the war in the Allies favour This book aims to give a balanced account of Stalingrad from both the German and the Russian perspectives **The Forties in Pictures** James Lescott,2007 Ten years that altered the face of the world a war fought across four continent the break up of old empires and the establishment of new ones and the explosive inauguration of nuclear power Between these covers are some of the greatest and most graphic images of the age revealing the best and worst of a turbulent era from battlefield to beauty parlor from the London black out to the glittering screens of Hollywood s golden age from old enemies to new nations **The SAGE Encyclopedia of War: Social Science Perspectives** Paul Joseph,2016-06-15 Traditional explorations of war look through the lens of history and military science focusing on big events big battles and big generals By contrast The SAGE Encyclopedia of War Social Science Perspective views war through the lens of the social sciences looking at the causes processes and effects of war and drawing from a vast group of fields such as communication and mass media economics political science and law psychology and sociology Key features include More than 650 entries organized in

Wüster,2021-09-24 In August 1942 Wigand W ster was a twenty two year old officer in the German Wehrmacht The short life expectancies of the Eastern Front made him a veteran commander even at that age He led a battery in an artillery regiment as it approached Stalingrad for a World War II defining clash with the Soviet Red Army For W ster the preceding months had been marked by heat dust endless marches and brief skirmishes with the enemy but mostly by an ongoing battle with his bullying battalion commander Stalingrad would change everything In this brutally honest account W ster provides a glimpse into the Eastern Front rarely seen before With frankness humor and perception W ster takes the reader from the heady days of the German 1942 summer offensive into the icy hell of Stalingrad s final hours and finally into his Soviet captivity Accounts of artillery on the Eastern Front are rare and W ster was an especially keen observer of the hell of Stalingrad The book has been supplemented with photos and maps by Jason Mark who originally published it through his Australia based company Leaping Horseman Books
