Taylor, 2016-05 THE Middle Ages They seem so far away intellectually so preposterous spiritually so strange Bits of them may touch our sympathy please our taste certain of their stories their romances as if those straitened ages really were the time of romance which they were not God knows in the sense commonly taken Now if the pageant of those centuries charm our eyes with forms that seem so full of meaning why should we stand indifferent to the harnessed processes of mediaeval thinking and the passion surging through the thought Thought marshaled the great mediaeval procession which moved to measures of pulsating and glorifying emotion Let the reader be mindful of his purpose to follow through the Middle Ages the development of intellectual energy and the growth of emotion Holding this end in view we students all shall not stray from our quest after those human qualities which impelled the strivings of mediaeval men and women informed their imaginations and moved them to love and tears and pity Novels Walter Scott, 1854 *Brahman* Michael Myers, 2013-09-13 This book is a critique of western systematic theology It borrows insights from India and other traditions it is not a synthesis of religious traditions The book includes two parts method and systematics It examines the traditional topics of systematic theology topics such as the existence and nature of God revelation and reason religious ethics and human practice the relation of God to the world Christology and eschatology and allows these topics to grow in conversation with India and to change according to dialogical insights The book is prompted by a perceived need to cross the boundaries between western and Indian worldviews in a systematic and comprehensive way The purpose of the book is to enable scholars worldwide to extend their theological resources and to look anew at the problems and prospects of a comparative systematic theology **Writers, Readers, and Reputations** Philip Waller, 2006-04-27 Charles Dickens died in 1870 the same year in which universal elementary education was introduced During the following generation a mass reading public emerged and the term best seller was coined In new and cheap editions Dickens's stories sold hugely but these were progressively outstripped in quantity by the likes of Hall Caine and Marie Corelli Charles Garvice and Nat Gould Who has now heard of these writers Yet Hall Caine for one boasted of having made more money from his pen than any previous author This book presents a panoramic view of literary life in Britain over half a century from 1870 to 1918 teasing out authors relations with the reading public and tracing how reputations were made and unmade It surveys readers habits the book trade popular literary magazines and the role of reviewers and examines the construction of a classical canon by critics concerned about the supposed corruption of popular taste Certain writers were elevated as national heroes yet Britain drew its writers from abroad as well as from home Authors became stars and celebrities and a literary tourism grew around their haunts They advertised products from cigarettes to toothpaste they were fashion conscious and promoted themselves via profiles interviews and carefully posed photographs they went on lecture tours to America and their names were pushed by a new professional breed the literary agent Some

angled for knighthoods even peerages and cut a figure in high society and London clubland They debated public issues of the day and campaigned on all manner of things from questions of faith and women s rights to censorship and conscription During the Great War they penned propaganda Meanwhile the cinema was developing to challenge the supremacy of the written word over the imagination Authors took to that too as an opportunity for new adventure Writers Readers and Reputations is richly entertaining and informative amounting to a collective biography of a generation of writers and their world
