Exercises correspond precisely to pages in the Dictionary making this exceptionally easy to use alongside the main book Like the Dictionary it's highly visual and content is never intimidating There's plenty of variety to keep students interested with the emphasis on making practice fun through puzzle like activities such as word searches and complete the picture Contextualized exercises such as labelling true or false matching and sequencing provide more of a challenge The CDs focus on short conversations and dictations in natural real life contexts and can be used in conjunction with the listening activities at the back of the book *The Oxford Picture Dictionary* Marjorie Fuchs, 1999
