Retaining Your Best College Professors Jeffrey L. Buller, 2021-10-15 Faculty recruitment is a major expense for colleges and universities and schools devote a considerable amount of their resources to the hiring process But many of these institutions fail to devote the same attention to retaining college professors We've learned through many studies that it's far less expensive to retain a student you have than to recruit a new one Why is this lesson not also applied to the college faculty This book addresses why higher education currently has a faculty retention problem and then explores the strategies needed to address that problem But now all faculty members are alike Minority faculty members have their own retention challenges as do highly competitive researchers part time and temporary faculty members who excel at teaching and other key groups The best ways to retain the junior faculty are not necessarily the best ways to retain mid career and senior faculty By examining best practices currently in place in higher education and then combining those insights with research conducted in the corporate world the book encourages colleges and universities to develop a culture of retention that applies to students and faculty members alike

She's the Boss Rochelle Schweizer, 2010-09-23 Why Is Nancy Pelosi the Most Dangerous Woman in America Most people see Pelosi exactly the way she wants them to a cultured San Franciscan politician from an esteemed family But underneath the Chanel suit and Mikimoto pearls is a true political boss as in Tweed Don't be fooled by her image as a caring grandmotherly public servant Nancy Pelosi is all business She's the Boss charts Pelosi's carefully orchestrated rise to power as a uniquely American ruling class diva who is not so subtly replacing by the people for the people with have your people call my people From her father a congressman and then mayor of Baltimore whose political machine was tainted by scandal Pelosi learned about patronage ruthlessness and the credo of the party boss never admit to anything never apologize and attack when challenged As Speaker of the House Pelosi once pounded her gavel so hard it left a dent in the lectern She frightens even those who agree with her on almost everything She punishes those who stand in her way And her hypocrisy knows no bounds While Pelosi spends millions in taxpayers dollars to green up the capital and expects Americans to pay for their carbon footprints she demands a bigger jet for her trips across the globe as well as military G5s for holiday weekends She claims to act for the benefit of the American people yet enriches her family's portfolio through pet legislation and personal financial dealings She tried to enact taxpayer funding for abortions defying the teachings of the Catholic Church of which she is a member With promises of utopia she drives massive legislation deals through Congress by stiff arm twisting knowing she and her allies will profit at the expense of the electorate It will be clear after reading She's the

Central North Carolina hasn't seen much change in over 50 years but suddenly people who have been there for generations are leaving the small farming settlements, lock stock and barrel. When massive warehouses surrounded by metal fencing seem to go up overnight, local businesses are bought out and more than 6,000 families establish residence in a community named Kingdom Come. The FBI begins to suspect cult activity. Agent Ben Atkins is sent to investigate and though he does sense something major happening, he is not convinced it is sinister. In fact, as he moves in for a closer look, he begins to wonder if those on the inside of Kingdom Come are working to keep evil out. But time is running short for him to discover the truth as unexpected enemies, law enforcement agencies, media groups and even the church hierarchy threaten the community's existence. *Editor & Publisher*, 1929 The Fourth Estate Management World, 1984
